Supervisor Blair's Voting Record Held 'Stupid, Intelligent'

Panel On Radio KTIM Debates Pros, Cons Of Recall Movement

The voting record of Supervisor J. Walter Blair today was termed "stupid and irresponsible" by two advocates of his recall. At the same time, two of Blair's supporters called his voting record "prudent and intelligent."

Praising the Mill Valley supervisor's six months in office over radio station KTIM's "Sounding Board" this morning were William Johnstone, president of the Tiburon Chamber of Commerce, and Fred G. Dupuis, former Republican candidate for congress.

Urging Blair's recall were Lawrence Livingston, Sausalito city planner, and Harold Stockstad of Tamalpais Valley, a civil engineer. Both are members of the Recall Blair Committee.

"In the last election, the people did not vote for Blair," Livingston charged. "They voted against Vera Schultz and higher taxes."

He said that Mrs. Schultz's opponents used the civic center as a "symbol of extravagant spending" in order to defeat her.

Dupuis said the reported charges against Blair did not justify recall action.

"Most people look on a recall as something bad," Dupuis said. "It indicates malfeasance of office. Personally, I find comfort in having a watchdog on the board to see that county funds are being spent wisely and prudently."

Dupuis added that proponents of recall should explain that it will cost the taxpayers money, adding that if the move is unsuccessful, the state pays the cost of the incumbent's defense.

"The recall bears no connotation of malfeasance," Stockstad said. He said that Blair has simply demonstrated "a lack of ability to govern."

Charging ineptitude, Stockstad said Blair has spent "several board meetings haggling over a $26 overtime bill—and then is absent for four meetings while the county budget is being discussed."

Johnstone said proponents of recall are a "vocal minority stung to action by the defeat of

Rainstorm Kills 12 In W. Virginia

CHARLESTON, W. Va. (AP)—A violent rainstorm, with boiling clouds so low they seemed to skim the hilltops, deluged Charleston last night. The downpour transformed brooks into roaring rivers that spread death and destruction down the area's narrow valleys.

Twelve persons were confirmed dead. Six of them children.

Five thousand homes and office building were without electricity. The United Fuel Gas Co., in cooperation with the city, cut off gas to a large segment of the city to reduce the threat of fires and explosions.

RECORD RAIN

The storm, in less than four hours, dumped more than five inches of rain on the area — a record for the city.

Small creeks that usually dry up in the summer became raging torrents that picked up buildings as if they were children's blocks and dashed them against each other.

From 200 to 400 homes were reported seriously damaged or destroyed.

Gov. W. W. Barron made a quick flight back to the city from White Sulphur Springs and surveyed the damage quickly before conferring with federal officials flying here from Washington to get a first-hand look.

SWEPT AWAY

Virtually all of the dead were drowning victims. One man stepped from his stalled car, was swept underneath it and drowned.

Grimy search parties, soaked from head to toe, searched the shambles along the dozens of creeks for the storm's victims through the long night and morning hours.

It was a job that would go through the day. Many areas still were not accessible.

Cooling Fog Helps Beat Marin's Heat

A cooling fog drifted into parts of Marin today and generally brought relief from high temperatures.

At noon in Woodacre it was 77 degrees; 79 in San Anselmo; 84 in Novato; 74 in Mill Valley; 75 in Fairfax; 74 in Sausalito, and 72 in Tamalpais Valley. The lowest noon temperature in the county was at San Rafael with 69.

The weather bureau at San Francisco International Airport forecast continued cooler weather tonight and tomorrow.

Yesterday's high was at Woodacre where it was 102 with humidity down to a dangerous 8 per cent. It was a scorching 101 in San Anselmo, and only late air brought relief. In San Rafael the high was 99, Terra Linda 98. Low 80s were read in Inverness, and it was a pleasant 69 at Bolinas.

Yesterday's high in downtown San Francisco was 82 degrees. The previous high for July 19 was 77 in 1933. Today at 11 a.m. it was 56 degrees.

FRENCH, TUNISIANS CLASH FOR 2ND DAY

35 So Far Reported Dead In 'War' Over Naval Base In Mediterranean

COMBINED AP & UPI

TUNIS — Radio Tunis said the French launched a coordinated attack by land, sea and air today against Tunisian barricades surrounding the French naval base at Bizerte.

The broadcast reported the city of Bizerte badly damaged in the attacks and its water and electricity supplies cut.

President Habib Bourguiba said 33 Tunisians have been killed in a day and a half of clashes with the French over the Bizerte naval base.

Sources in Paris said two French soldiers had been killed and 20 wounded in clashes with the Tunisians yesterday and early today.

The French were silent on the latest report from the undeclared war aimed at forcing the French out of the big North African base.

France retained the big naval base after its Tunisian protectorate gained independence in 1956.

Tunisian troops and civilian volunteers resisted the French attack "heroically," the radio said, and they suffered numerous dead and wounded.

Radio Tunis said French planes from the carrier, Arromanches, fired rockets in low-level attacks on the barricades. It added that the planes were backed up by the big guns of the cruisers, Colbert, Bouvet and Chevalier Paul. This reported artillery barrage appeared to be a cover for thrusts Radio Tunis said were being made by French armored cars and tanks.

The French said their com-

Storm May Delay Space Shot Again

CAPE CANAVERAL, Fla. (AP) — A cyclonic disturbance in the Gulf of Mexico and a tropical storm in the Caribbean Sea delivered a one-two punch today to Virgil I. Grissom's hopes for a rocket into space.

The National Aeronautics and Space Administration weather team reported today that the Gulf disturbance might ruin plans for a scheduled shot tomorrow.

And if that happens, tropical storm Anna may mess up Cape Canaveral weather next week and force further delays.

It was a gloomy forecast that placed the prospects for a launch at no better than 50-50. Another weather assessment will be made at 11 p.m., and a go or no-go signal may be given then.

The gulf disturbance was contributing to cloudiness over the missile base. There was no assurance that the overhang would break up sufficiently to permit adequate optical coverage of a firing.

Photograph tracking of the Redstone rocket during the critical phase of powered flight is considered essential to Grissom's safety.

'Hello Central? —This Is 283'

LAFAYETTE (AP)—Lafayette Saturday will become the first Bay Area town to adopt all-number telephone prefixes, replacing alphabetical prefixes.

The prefixes ATlantic 3 and 4 will become 283 and 284, the Pacific Telephone Co. announced Wednesday.

Scientists came up with the All-Calling (ANC) system when it became evident the country would run out of numbers with letter prefixes.

Kennedy May Increase Draft Calls Over Berlin

Probably Will Seek Defense Budget Hike

WASHINGTON (UPI)—President John F. Kennedy was reported today to have decided on strengthening U.S. armed forces through larger draft calls and intensified recruiting because of the Berlin crisis.

Responsible sources said the president will add three new divisions and build up others to bring Army and Marine strength to 20 divisions. This course of action, was decided on instead of resorting to a declaration of national emergency and a call-up of National Guard and the reserves.

One high administration official, who said he did not expect activation of the reserves now, pointed out that this decision could be reversed quickly if Kennedy thought conditions were getting worse.

FINAL DECISION

This official was familiar with details of the meeting late yesterday at which Kennedy and his top advisers reached a final decision on what steps to take to meet Russian threats to Berlin.

Kennedy is telling the Western Allies of these moves this weekend before reporting to the American people Tuesday night and Congress next Wednesday.

The regulary Army has 14 divisions. The Marines have three. However, one Marine and three Army divisions are below strength. These would be built up and two new divisions added to the Army and an additional one to the Marines, making a total of 30 divisions of U.S. fighting men.

The Army has just issued a draft call for 8,000 men for August, the largest since last December.

There also seem to be general agreement that Kennedy would seek a two-billion to-three-billion-dollar increase in the 43-billion-dollar defense budget.

NO WARTIME BASIS

Kennedy's reported steps to build up U.S. military might do not go as far as recommendations for mobilization made by some of his advisers.

But most administration officials consider them adequate to give the United States a more realistic military posture in the light of this country's far-flung commitments without actually placing the nation and its economy on a wartime basis.

Officials said one of the principal effects of the new steps should be to place Kennedy in a position of negotiating from strength, particularly with regard to conventional military might, if and when the Berlin crisis reaches the conference table.

BERLIN MAYOR DOUBTS WAR OVER CITY

BERLIN (UPI)—West Berlin Mayor Willy Brandt today said he did not believe there would be an East-West war over Berlin.

Brandt expressed his appreciation for the firm Western stand on Berlin and Germany taken by the United States, Britain and France in notes delivered to the Kremlin last Monday.

Asked whether he thought war would come from Premier Nikita S. Khrushchev's threats over Berlin, Brandt said:

"I do not think so. I hope not."

Marin Beauty Queen Is Due Big Welcome

San Rafael will welcome beauty queen Pam Stettler home next Tuesday.

A parade and dance in tribute to Pam, who was runner-up for "Miss U.S.A." in the "Miss Universe" contest in Miami Beach, is planned by the John Robert Powers School, which co-sponsored her entry in the contest.

The dance—with a Bermuda Palms dance floor contributed at no cost by owner Irving (Whitey) Litchfield—will raise funds for a scholarship for Pam, who wants to attend Fresno State College to prepare for a career as a financial secretary.

Pam placed second to Sharon Brown of Minden, La., in the "Miss U.S.A." competition after winning the "Miss California" title at Long Beach. She then attended the "Miss Universe" finals which saw Marlene Schmidt of West Germany win the coveted title.

She'll arrive home Tuesday, reported her mother, Mrs. Frances West of 123 First Street.

At 5:30 p.m. a parade, with Pam in the place of honor, will leave Miracle Music to proceed down the Miracle Mile and Fourth Street to the courthouse, announced Mrs. Kathleen Duncan, manager of the John Robert Powers School in San Rafael. There, Mayor John F. McInnis will extend the city's official welcome and congratulations to its lovely 18-year-old ambassadress. Other

DUMPED IN TIBURON

Cabbie Robbed, Beaten In Marin

Two armed men forced a San Francisco cab driver into the Tiburon hills at gunpoint, beat him into near unconsciousness and robbed him of his wallet and cab early today.

Rudolph M. Velarde, 29, a driver for the Yellow Cab Co., staggered out of the Tiburon hills into the Southern Marin Recreation Center about 12:30 a.m. yelling for help. Caretaker Charles Roth called the sheriff's office.

Velarde said the robbers pointed a nickel-plated Luger pistol at him, hit him over the head and beat him repeatedly although he feigned unconsciousness. They took his wallet containing $22 in cash and drove off with his cab. The cab was found this morning in San Francisco on Lyon Street between Broadway and Pacific.

Velarde was treated for head bruises at Marin General Hospital.

He gave this account of the holdup:

Velarde was parked near Bimbo's on Columbus Avenue in San Francisco last night when two men walked up to a cab in front of his. The other cab driver turned them down and referred the two to Velarde. Velarde started for Zack's in Sausalito.

In Sausalito, one of the men leaned forward, pointed a pistol and ordered Velarde to drive to Tiburon.

Ordered out of the cab on Redhill Boulevard, Velarde was told to hold his hands up and walk toward a tree. About 70 feet off the road, he felt a blow over his head.

The gunman was described as six feet tall, weighing about 170 pounds, and with blond hair. Velarde had no description of the second bandit.

IF LAW NOT RENEWED

3 School Districts Face Budget Slashes

By DOROTHY SIMPERS

Three Marin County school districts dependent on federal aid for a large share of their operating funds will face heavy budget slashes unless Congress renews the law providing grants to "federally-impacted" areas.

Continuance of the grants will depend on renewal of the law, P.L. 874, because the House Rules Committee on Tuesday tabled all three Kennedy administration-backed aid-to-schools bills.

The Kennedy proposals, among other items, included a section extending yearly grants for schools with pupils who either live on federal property, or whose parents work there.

Superintendents of the three Marin districts most seriously affected—San Jose, Novato and Dixie—all feel that the law, which has been in effect the last eight years, will again be renewed, now that the Kennedy bills have been blocked for the rest of this session of Congress.

If it is not renewed, "I don't see how we can survive," said San Jose Supt. Phillip Schneider. San Jose District, heavily affected by the impact of pupils from Hamilton Air Force Base is counting on Public Law 874 funds for about a quarter of its budget this year—an estimated $226,734 out of a total budget of $927,652.

"I don't see how Congress can back out of the responsibility it has been assuming for eight years," Schneider said.

In Dixie School District Supt. Dennie B. Willis has $23,500 in the budget expected to come from federal funds. "We've had some assurance that if the Kennedy bills were shelved, other legislation would be placed before Congress" to renew P.L. 874, he said.

Dixie has made plans for cutting the budget if necessary—a "tightening of the belt all along the line." Capital outlay expenditures would be slashed about $15,000, and transportation about $1,200, for example.

Novato Unified School District is counting on about $87,000 from the federal government for its total operating budget of $1,589,698. Supt.

Breakthrough In Laos Conference

GENEVA (UPI) — Soviet and American officials today welcomed one breakthrough in the Laos conference.

The decision to end a stalemate in the talks enabled Communist and Western allied representatives to resume negotiations today with restricted sessions. Sources from East and West agreed that the initial talks on a neutrality declaration should proceed quite smoothly.

WIRE NEWS BRIEFS From Everywhere

Liz Is All Right

HOLLYWOOD (AP)—Elizabeth Taylor is reported in good condition after plastic surgery to remove a one-inch-long scar on her throat.

The operation was performed yesterday, and a spokesman said the actress is expected to leave Cedars of Lebanon Hospital in about four days.

Fires Controlled

SAN FRANCISCO (UPI)—The Pacific Coast's forest fires appeared under control today.

Forest rangers expected to contain the Kings River fire by Saturday.

They said that all but two miles of the 29-mile perimeter of the fire was contained. The situation was so well in hand that 200 loggers were released from the fire lanes to return to their jobs, along with ten bulldozers.

The West's second major fire, in the Umatilla National Forest in eastern Oregon was reported controlled.

A rangeland fire which destroyed about 3,000 acres near Pendleton, Ore., was also controlled.

Katanga Threat

ELIZABETHVILLE, Katanga (AP)—Moise Tshombe's Katanga government threatened today to seek Soviet help to prevent this rich province from being forced to join a united Congo.

The minister of the interior, Godefroid Munongo, charged that the U.N. Security Council and the United States was determined to unite the country "without taking into account the legitimate aspirations of the Congolese people."

He told a news conference the Security Council would not hesitate to use its "international military potential" to get its way.

Defeat For Hoffa

CHICAGO (AP)—A Teamsters Union local, given solid support by President James R. Hoffa and whose president once was accused by a Senate committee of running the "nation's most corrupt union," was ousted yesterday as bargaining agent for Chicago's two major taxicab companies.

A reform union, headed by Dominic Abata, the local's first president who lost his job in 1952 to Joseph P. (Joey) Glimco, won the right to represent about 5,200 organized cab drivers and cab garage employes.

The results of the election, ordered and supervised by the National Labor Relations Board were a resounding defeat for Hoffa. The Teamsters president made a special trip to Chicago from San Francisco earlier this week to campaign for the election of Glimco's union, Teamsters Local 777, Chicago Taxicab Drivers Union.

Scientist's Estate

LOS ANGELES (AP)—Dr. Lee de Forest, whose invention of the three-element vacuum tube helped spawn the vast electronics industry, letf only $1,250 in cash.

Dr. De Forest's will was filed for probate yesterday by his fourth wife, former actress Marie Mosquini. The famed inventor died June 30 at 87.

Mrs. De Forest's attorney said her husband held patents which could yield further income, but they are not doing so now.

Plans Soviet Visit

RIO DE JANEIRO, Brazil (AP)—President Janio Quadros has accepted an invitation to visit the Soviet Union, the Brazilian Meridonial News Agency reported last night. No date for the visit has been set, the report said.

Poet Drowns

MALMOE, Sweden (AP)—Noted Swedish poet Hjalmar Gullberg, 63, drowned Wednesday while bathing in Yddingen Lake near Malmoe in south Sweden. Gullberg was a member of the Royal Swedish Academy of Letters, which awards Nobel prizes.

Shooting Spree

ST. LOUIS, Mo. (AP)—A former mental patient grabbed a policeman's revolver and began shooting at 15 persons in the receiving room of City Hospital No. 2 today.

Two policemen were wounded and the gunman was killed in a running gun fight with another officer.

Police said the dead man, Richard Shackleford, about 26, was identified by a relative as a former mental patient. The relative didn't know why Shackleford was at the hospital.

Improvement Of Gallinas Creek Sanitation Backed

Desires of the Regional Water Pollution Control Board to improve sanitation of the water in Gallinas Creek are precisely in line with the hopes and long efforts of the Las Gallinas Valley Sanitary District, secretary Annie M. Reagan has written the board.

Mrs. Regan thanked the board for a recent letter expressing its attitude, along with a resolution of intent "to formulate and adopt a long-range plan and policy with respect to water pollution control within the Las Gallinas Valley Watershed, Marin County," and sent some enclosures in reply.

They started with "Facts About the Sewer Bonds—Which Do You Want?" a pamphlet issued in 1954 preceding the first issue of general obligation bonds for construction of a treatment plant.

"Since the water in Gallinas Creek affects our area, we are doing everything in our power to clean it up so it can be used for boating, fishing, swimming and other recreational purposes," she wrote.

TROUBLE SPOT—Tunisia wants France to move out of its valuable base at Bizerte. Map shows area of northern Tunisia, and city of Bizerte with its canal and lake.

MEDITERRANEAN PRIZE

Tunisia's Bizerte Has Violent History

By U.P. INTERNATIONAL

The storied port of Bizerte is no stranger to violence.

This ancient colony of Tyre has changed hands often over the centuries and usually took a beating in the process.

Romans, Vandals, Arabs, Moors, Spaniards and Barbary pirates ruled the port ta various times, an indication of the value of the prize which the French are trying to hold against Tunisian pressure.

When France took over Tunisia as a protectorate in 1881, the port had fallen into disuse. It took 14 years to rebuild. When it was completed the French had a strategic, well-protected base guarding the narrowest section of the Mediterranean with the exception of the Straits of Gibraltar.

Germany seized the base in World War II and the Allies nearly leveled it with bombing raids before retaking it in May, 1943.

It inspired a GI song named "Dirty Gertie From Bizerte" but most of its verses were too bawdy to put in print.

After the war the French began rebuilding the three-fold harbor: An outer basin directly on the Mediterranean, an inner harbor along a channel and an inner lake two and a half times as big as the lagoon at Pearl Harbor.

France dug command and supply depots into the rocky hills around the port designed to withstand atomic bombing. It built air bases at Karouba and Sidi Ahmed on the lake shore southwest of the city. A submarine base designed to withstand atomic bombing was constructed on the southern fringe of the lake.

France retained control of this base when it granted Tunisia independence in 1956.

The city of Bizerte straddles the canal. Although it is Tunisia's fourth largest city it has a population of only 47,000. It lies 40 miles north of Tunis.

On the west bank of the canal lies the main European part of the city with modern white buildings and stores and broad, tree-shaded boulevards. On the opposite bank is the principal Moslem section, with huddled houses and narrow streets.

There no longer are any French troops stationed in the city itself, though many garrison wives and families live there.

B'nai B'rith Officers

New officers of B'nai B'rith, Marin Lodge 1327, will be installed in public ceremonies at 8:30 o'clock tonight at the Marin Jewish Community Center in San Rafael. Robert H. Horn of San Anselmo heads the slate as president.

Education Aid Program Stirs Again

WASHINGTON (AP)—The congressional pilots of the frozen general federal aid to education bill tried to bring it back to life today through demands for continuance of a popular, separate school program.

The program involves about 300 million dollars annual aid to school districts whose enrollments are swollen because of federal installations. It expired June 30.

IMPACTED AREAS

The aid, known as the impacted areas program, would be revived by provisions in the general 2.55-billion-dollar public school grant bill shelved in the House Rules Committee Tuesday.

Many House members and senators have been demanding that, if the general education bill is dead, a separate impacted areas extension bill be put through before Congress quits for the year.

However, Rep. Frank Thompson Jr. (D-N.J.), chief sponsor of the general bill in the House, said "It is my considered judgment that the president would veto any separate impacted area legislation unless it was cut well below the current level."

Thompson noted that 319 Congressmen—far more than a majority — represent districts where schools receive help under the 10-year-old impacted areas program.

MORSE AGAINST

Sen. Wayne Morse (D-Ore.), the chairman of the Senate Education subcommittee which would have to handle any separate Senate extension bill, told newsmen flatly he would do nothing to get such legislation enacted.

"It is my opinion," he said, "that the aid provided in the impacted areas laws will and should come to an end unless the Congress proceeds to pass a general education bill."

Morse, who piloted a 2.55-billion-dollar general grade and high school bill through the Senate in May, noted that more than one-third of the nation's children are educated in districts which benefit from the impacted areas program.

His subcommittee, in acting on the general measure, rejected a Kennedy recommendation that this aid be cut down.

Humor Scholar Says America Has Secret Weapon—Its Funnybone

NEW YORK (AP) — President John F. Kennedy probably isn't aware of it, but he has available a powerful secret weapon he could use in the cold war struggle with the Soviet Union —America's funnybone.

He could use it to whack communism over the head around the world, says Evan Esar, an expert and lifelong scholar on humor. It might even be the decisive factor, Esar added.

"Long before the cold war, America dominated world comedy, whereas Russian humor has virtually no influence abroad — thanks to the rigid controls over clowns, variety performers and topical satire," Esar said.

"A gag or funny story carries more propaganda value in the battle for men's minds than a hundred speeches from statesmen. Though we make no effort to spread them, our anti-Communist quips and anecdotes are repeated in the uncommitted lands, like India, where the people laugh with us while they laugh at the Russians.

"And once a country becomes a laughingstock, it finds it more difficult to export its humorless way of life."

Esar cites a few examples of the way to harpoon the Soviet Union where it hurts:

"Communism is a system of government under which it is impossible to lose an election bet."

"Communism is a system of government under which free speech means the right to talk your head off . . . a system of government where people either sing in the same key or suffer behind the same lock."

California Leads In Produce Sales

WASHINGTON (AP)—California held its lead among the states last year in cash receipts from sale of crops, fruits, livestock and livestock products.

California brought in $3,164,865,000 in 1960 and was first in 1959 with $3,062,827,000.

Second both years was Iowa with receipts of $2,392,417,000 in 1959 and $2,480,573,000 in 1960. Texas was third both years with $2,308,249,000 in 1959 and $2,277,014,000 in 1960.

The farm receipts were reported by the Agriculture Department yesterday.

Don't Be A Jackass In Larkspur

Cats, dogs, horses and jackasses just can't roam the streets of Larkspur.

It's against the law.

The animal control ordinance was reviewed last night by the Larkspur city council because of varying opinions on what it covered. Some people said it applied only to the business district.

The council found that Ordinance 245, passed July 3, 1957, prohibits any animal from roaming in any part of town.

The ordinance specifically singled out cats, dogs, horses and jackasses, but why, the council couldn't figure out.

Who was riding jackasses on Larkspur streets in 1957, anyway? someone asked.

Road Striper Burned As Paint Can Ignites

The operator of a road striper suffered second degree burns on his face as fire broke out in the 50-gallon paint can Tuesday night on Mount Tamalpais.

Lamar White, 30, of 2062 Fifth Avenue, San Rafael, was reported in satisfactory condition today at Marin General Hospital. White is employed by Mark-a-Line, Inc., of Sausalito.

SOUGHT — This is a new drawing of the man sought in the slaying of Joseph Yilek, 27, of Fontana, three miles north of Bakersfield last Sunday. The drawing was made by a Kern County Sheriff's artist from a description given by Mrs. Ordelta Yilek, 25, who was beaten into unconsciousness by the killer. (AP Wirephoto)

Novato Is Getting New Beauty Salon

The Helen of Troy Beauty Salon will open on the ground floor level of the new Talbot Building on Grant Avenue at Fifth Street, Novato, within the next week, it was announced today by proprietor Edward Sanders.

Sanders also owns the Edwards Beauty Salon in Petaluma which he will continue to operate. Mrs. Sanders will assist him in the Novato salon as manicure and pedicure specialist.

Larkspur Deer Seem To Have Got Message

The roaming deer in Larkspur ceased last night to be a city council problem.

Harold Harcourt of 33 Redwood Avenue, who had asked the council for permission to shoot deer on his property, wrote that he has not seen a deer for the past two weeks nor has he suffered any more plant damage from them.

The council had authorized City Manager Ronald Piper to have the Marin Humane Society remove the deer by shooting them with a tranquilizer and taking them to high ground.

In other action, the council:

1. Authorized Police Chief Howard Clark to hire an additional policeman, effective immediately.

2. Authorized Piper to proceed immediately with a $10,000 sewer lining project in the marsh areas, an item in the 1961-62 budget not yet approved. The council agreed that the work should start immediately.

3. Set Sept. 20 for the next public forum. Councilman Daniel Allen will be chairman with the assistance of Councilman Neill Brixon.

4. Set Aug. 16 for public hearing on establishing a street assessment for Marina Vista, including 25 parcels.

5. Approved application of the Belardo Co. for a television cable under Via Casitas.

6. Set Sept. 6 to consider zoning of the Garden Spot on 1144 Magnolia Avenue. Part of the ground of the nursery is zoned for business and part as residential.

New Shopping Center Approved In Larkspur

Larkspur is to have a shopping center, by action last night of the city council in approving a rezoning appeal by Reedland Heights Development Co. for 17 acres at Magnolia Avenue and Doherty Drive.

After two hours the council voted 4-1 in favor of the Larkspur Plaza with Councilman Lesly A. Daveler as sole objector. Mayor Arthur E. Storhaug switched in favor. The council had deadlocked 2-2 July 5 when Councilman Daniel Allen was absent.

The original request for a $3,200,000 development had been denied by the planning commission June 14 by a split 3-2 vote. It was for five acres of commercial development and 12 acres of planned residential.

Council approval carried restriction that the firm place adequate deed restrictions on the commercial property assuring that it would not be developed residentially.

Planning Commissioners F. B. Ketchum and Michael Kaplan sent a long letter of protest.

Joseph Warner of Boardwalk No. 2 told the council "to grab this (shopping center) rather than let it get away."

Walter Boland of Frank Howard Allen and Sons of San Rafael, speaking for the developer, told the council that the plans call for a supermarket of 18,500 square feet with other stores taking 25,000 square feet.

The council unanimously passed the $390,000 Larkspur Plaza Assessment District 30, including the rezoned 17 acres and six lots on Corte Madera Creek under separate ownership.

A NEW LIFE—Hans Joachim Scherlitz held a bottle for his 11-month-old son, Andreas, yesterday after his family's safe arrival in West Berlin with other refugees from East Germany. "We were fed up with life over there," Scherlitz said. (AP Wirephoto)

GERMAN EXODUS

Refugees Pouring Into West Berlin From East

BERLIN (UPI)—West Berlin authorities cut red tape today to speed the processing of thousands of East German refugees streaming into this isolated Western outpost.

As hundreds pour in daily, authorities are chartering commercial planes to augment regularly scheduled flights for getting the refugees across the 110-mile strip of Communist East German territory to West Germany.

West Berlin officials considered cutting from four days to two the time it normally takes to process the refugees.

Officials said they had a "battle" on their hands handling the throngs in West Berlin's Marienfelde Refugee Center.

Refugees, fearful that conclusion of a Soviet-proposed peace treaty will slam shut the "emergency exit" to the West, are pouring into West Berlin at near-record numbers. More than 18,000 East Germans have fled their homeland this month alone.

A large number of refugees in recent days slipped across the border to attend a huge Protestant religious rally in West Berlin.

More than 20,000 Germans mixed politics and prayer last night at the Protestant rally. The meeting originally was planned for both East and West Berlin, but it was confined to the Western sector when the Communists outlawed the assembly on the ground that it supported "militarism."

The U.S. Army announced yesterday it was reorganizing its troop command in West Berlin, giving more emphasis to training its combat-ready 5,000-man garrison. Western allied forces in the divided city are vastly outnumbered by the Communists who have 22 crack Soviet armored divisions in East Germany, bolstered by seven divisions kept under arms by the Communist East German regime.

The exodus of refugees from East Germany forced officials in Stuttgart to reopen five old refugee camps in the state of Baden-Wuerttemburg. Six other camps in West Berlin were being utilized as initial refugee living quarters.

Van Fleet Hits U.S. Actions In Korea Coup

SEOUL (AP) — Retired Gen. James A. Van Fleet today criticized American officials here for trying to block the South Korean military from seizing power.

Terming the May coup "the finest thing that has happened to Korea in 1,000 years," the former commander of U.S. and U.N. forces in Korea said if the Army had not taken over the government, the United States would have been forced to step in.

"The military witnessed a lot of inefficiency and corruption and the American colony witnessed the same thing," said Van Fleet in an interview. "We criticized this, but we did not correct it."

Van Fleet, who commanded the 8th Army in Korea from 1951 to 1953, is often called the "father" of the South Korean army.

He said the U.S.-U.N. commander at the time of the coup, Lt. Gen. Carter B. Magruder, and U.S. Charge d'Affairs Marshall Green "guessed wrong" in supporting the elected government of Premier John M. Chang.

Van Fleet said Magruder, since retired, "illegally 'ordered" top South Korean army officers to remain neutral at the time of the coup. He declared that Magruder himself "should have stayed neutral unless there was chaos and violence."

Van Fleet, emphasizing he was speaking as "an individual out here on my own," said it was "all right to talk about representative government, but such a system, except in great nations like the United States and Great Britain, lets elements get into the government and destroy it."

EAST GERMAN POX ON MISS UNIVERSE

BERLIN (UPI) — East German Communists today accused the United States of rigging the "Miss Universe" contest to spur the flight of East German refugees to the West.

The official Communist youth newspaper "Young World" said Marlene Schmidt, 24-year-old German electronics engineer, was chosen "Miss Universe" at Miami Beach Saturday only because she fled to West Germany from the Soviet zone a year ago.

It said the United States hoped that other East German girls would flee to the West in imitation of "Miss Universe."

Marine Reservists To Active Duty

The six are Privates Steve Wheeler, 1052 Redwood Highway, Mill Valley, son of Mr. and Mrs. Harold H. Wheeler, formerly of Larkspur; Jack Lucas, son of Mr. and Mrs. Jack G. Lucas, 24 Matilda Avenue, Mill Valley; Frank Kornovich, son of Mrs. Ouida J. Kornovich of 225 Mirada Avenue, San Rafael; Thomas Rogers, son of Mrs. Lorraine C. Rogers, 200½ Bell Lane, Mill Valley; Bruce Pohoriles, son of Mr. and Mrs. Alex M. Pohoriles, 72 Tulane Drive, Larkspur, and Kent Bergquist, son of Mr. and Mrs. Guy L. Bergquist, 340 West Blithedale Avenue, Mill Valley. Private Wheeler will be in charge of the detail.

Eichmann Admits Lies With Grimace

JERUSALEM (AP)—Atty. Gen. Gideon Hausner concluded his cross-examination of Adolf Eichmann today, forcing a final confession from the ex-Gestapo officer that he was part of a Nazi conspiracy to camouflage the mass slaughter of the Jews behind a blanket of lies.

But after two weeks of blistering attack, the former head of Jewish affairs for the SS maintained to the end that his actions were done on orders from his superior officers.

Hausner took Eichmann back to an incident in Slovakia when the defendant blocked an appeal of local authorities to visit the death camps to see if Slovakian Jews were all right.

"You signed the letter to the Slovakian authorities, saying that there was no need for them to worry about Jewish authorities?" Hausner asked.

"Yes, I was ordered by SS chief Heinrich Himmler to use that language," Eichmann answered.

"You said stories of extermination were only grueling tales?"

"Yes, I was ordered to say that too."

Hausner went on: "You promised the Jews in Budapest in March 1944 that after the war things would be back to normal, and you promised they would not be deported to Auschwitz?"

"Yes, I had orders to do that," Eichmann said.

"And you are the person who says he never uttered a false word?"

Eichmann grimaced.

"I did not have to decide these things myself," he responded. "I was forced and pressed by my superiors."

San Rafael Council To Trim Budget—Even Nickels, Dimes

San Rafael city councilmen, alarmed by continued annual rise in expenditures, served notice last night they will wield the economy axe this year even if they have to pare the budget by nickels and dimes.

Two department heads, Police Chief Charles J. Chiesa and Building Inspector Andrew Thomas, were first to face the council's budget-slicing operations.

The council turned down Chief Chiesa's request for two additional patrolmen, which would have cost more than $11,000, and also chopped the proposed expense for car rentals by $5,000.

When the chief asked for a 5 per cent raise in salary for all his men, councilmen declared they would postpone any such consideration until the end of budget discussions.

Expenses for police to attend conferences were pared from $1,700 to $1,400.

Building Inspector Thomas fared somewhat better. The council agreed to hire another building inspector, making four in addition to Thomas. The council also agreed that Inspector Morrison Green should be made assistant building inspector and be considered for a raise.

Councilmen Fred Jensen, Louis H. Baar and David Menary quizzed Thomas in detail on why he asked $500 for "conference and traveling expenses." Thomas explained that his men must go to school periodically to keep up with the new building regulations and methods.

Mayor John F. McInnis noted that the building department's total budget recommendation is $47,190, whereas its estimated revenue for the coming year in building fees is $93,000.

Building department salary raises were postponed for later consideration.

The next budget session is set for 7:30 p.m. Tuesday.

From the outset last night, councilmen indicated they are alarmed by the continuing increase in expenditures. For example, in 1957, the total expense was $979,020. Last year, the expense was up to $1,983,236. And this year, the requested budget calls for more than $2,509,000.

Councilman Menary said he is especially disturbed by the fact that in past years, many departments have been spending more than the estimated budget set up at budget time.

Menary also noted that the expenditure figures presented last night showed actual expenditures up to December of 1960.

"Can't we get more current figures?" he asked.

"I think we should get this around April so that we have time to look at it," said Mayor McInnis.

Councilmen asked City Managed Dan E. Andersen to get all figures from department heads on April 1 and turn over the figures to the council on May 1 from next year.

The city has operated with a 96-cent tax rate for several years. This year, however, the tax rate would have to be raised unless the budget can be cut. If the $2,500,000 budget is retained and the same tax rate maintained, the city would be spending $473,000 more than it would receive, the city manager said.

Drunk Drivers Returned To The Judges

SACRAMENTO (AP)—The Department of Motor Vehicles' policy of automatically suspending the licenses of those convicted of first offense drunk driving has ended.

Gov. Edmund G. Brown signed a law yesterday restoring judges' discretion to refuse to impose the six-month suspension.

The DMV said it will immediately change its policy to conform with the new law.

The bill also permits the court, in hardship cases, to order issuance of restricted licenses which will allow the defendant to drive only on his job for a six months period.

Brown ordered the DMV to begin automatically suspending licenses on July 1, 1959, touching off a bitter controversy. The policy was upheld by the State Supreme Court.

The new measure does not affect court actions before it becomes law on Sept. 15.

Brown also signed a bill making it illegal to have an open container of an alcoholic beverage in a vehicle traveling on highways. The measure also outlaws drinking in a vehicle.

Those riding public buses, clergymen transporting sacramental wine and persons whose doctors have prescribed alcoholic beverages for medicinal purposes are exempted.

Governor Brown Signs More Bills Into Law

SACRAMENTO (AP)—Legislation that will exempt all but the well-to-do from supporting needy kin was signed by Gov. Edmund G. Brown today.

The measures, strongly backed by the governor, modify the state's old age security law by relieving those whose net income is less than $400 a month from the responsibility of contributing to their parents support.

Those with a net income of from $401 to $450 a month would have to contribute a maximum of $5 a month.

And, a man whose net income is $1,150 a month and who has five dependents would pay only $10 a month to his parents' support.

Brown also signed four other measures eliminating provisions requiring boards of supervisors to determine the ability of responsible relatives to make support payments and permitting the boards to designate how much should be paid.

Other bills signed by the governor would:

Tighten administration of the Aid-to-Needy Children program by making it a misdemeanor to illegally use ANC aid or to lie when applying for aid.

Require correspondence schools to obtain state permits and post bonds of $1,000 per salesman.

Liberalize retirement allowances for state legislators by permitting, for example, a legislator with 20 years to retire at 60 at $425 a month rather than at 63 with $375.

Create a five-member Agricultural Labor Commission.

Require all elevators, except those in private homes, to be equipped with alarm systems by July 1, 1962.

Exclude motorcycles, motor scooters and bicycles with less than 15 horsepower from freeways.

Novato Planners Agree On 'Rounded' Boundary

Novato's peculiarly sprawling boundaries should be "rounded out" and ultimately the city should take over some services now provided by separate districts, city planning commissioners agreed last night.

City officials particularly pointed a verbal finger at taking over the Novato Sanitary District, now a separate unit. But to gain city control, city boundaries probably would have to encompass the district.

"The key to growth as far as the city is concerned is the sanitary district," said Charles A. Joseph, city public works director. The city is "studying" means to gain control of the district, he added.

The discussion came during the last of a series of commission study sessions on citizen committee reports on various local government and growth problems. The reports will be used to aid in formulating a master plan for the city.

Thomas Dent, chairman of the annexation policy committee whose report was considered last night, heard city officials and the planning staff question the committee proposal that fees be charged for annexation of land to the city.

The "cordon of negative feeling" of persons living just outside the city boundaries makes it more difficult for the city "to break out and round out the boundaries," principal planner B. D. Dobbs said. The commission took no stand on the annexation fee question.

Joseph asked commission opinion on whether the city should aggressively back annexation, with commissioners generally nodding "yes."

Next Wednesday, planning commissioners will hold an open discussion at 8 p.m. in the city hall to consider citizen comments on any phase of the proposed master plan before beginning more planning sessions to formalize it.

Academy Cadet Turns In False Fire Alarm

A 14-year-old cadet at the San Rafael Military Academy got himself in trouble Tuesday because he wanted a little excitement.

He turned in a false fire alarm by pulling the handle on an alarm box in one of the barracks at 1:40 p.m., reported the San Rafael Fire Department. Battalion Chief Robert Rogers said the youth was "given a good reprimand" and disciplined by the academy.

Trimaran Skipper Says No Emergency

"We ran out of chocolate cookies," reported Arthur Piver of Mill Valley, skipper of the trimaran Lodestar, 150 miles off Honolulu yesterday after a 15-day voyage from Los Angeles.

Pivar said that was the only emergency of the trip and he hadn't reported his position merely because he had no radio. He was sighted by a searching Coast Guard plane.

Blaming light winds for the slow trip, Piver told the guard not to worry about another triple-hull vessel Triumph, skippered by Richard Gerling of Mill Valley and Oakland, since it has been making only 100 miles a day and will require another week.

Professor Calls Drug Marketing 'Bologna'

WASHINGTON —A university professor said today the drug industry's marketing practices are a "serious health menace" that threaten to undermine the teaching and practice of medicine.

Dr. Walter Modell, associate professor of pharmacology at the Cornell University Medical College, hurled the charge at the nation's drug houses in a statement prepared for the Senate anti-trust subcommittee.

Modell said busy doctors across the country are overwhelmed by "mumbo-jumbo" advertising for drugs that differ only in taste or color. One drug is called by 30 different names, he said.

"If in a supermarket 15 kinds of bologna are displayed, it gives the dazzled consumer a delightful feeling of having a wide choice," he said.

"However, in the drug supermarket, we should not be permitted to treat drugs like bologna or we may do real harm."

Modell is editor of "Clinical Pharmacology Therapeutics," a scientific medical journal.

His denunciation of the drug industry was the most scathing yet. He supported legislation by Sen. Estes Kefauver (D-Tenn.) to impose new federal controls on drug makers.

GREENBRAE INTERCHANGE PROGRESSES

Latest development in the Greenbrae interchange of Highway 101 is the north-bound off-ramp leading off to the right in this aerial view, and replacing the former awkward sharp turn from the far side of the complex. Things are pretty rough below the overpass for motorists eastbound toward San Quentin or from the east toward Sir Francis Drake Boulevard and this picture makes clear that work there is still under way. The south-bound on-ramp went into service many weeks ago. (DeMers Photo)

New Cleaning Shop Hearings Monday

The Marin County Planning Commission will hold public hearings Monday on applications for a cleaning shop in the Terra Linda Shopping Center and a beauty parlor in Forest Knolls.

Sun Valley Cleaners has applied to operate from the shopping center at Manuel Freitas Parkway and Del Ganado Road, Terra Linda. It is scheduled for 29th of an approximate 30-item agenda for the Planning Commission's meeting at 1711 Grand Avenue, San Rafael. First item will be taken up at 9 a. m.

Mary Nell Moulton seeks to operate a beauty parlor at her home on the northwest corner of Sir Francis Drake Boulevard and Arroyo Road, Forest Knolls. The item will be No. 5 on the agenda.

$2,500 Fire Hits Mill Valley Home

Fire apparently was caused by clothing left next to a Mill Valley wall furnace did damage estimated at $2,500 today to a one and a half story stucco home at 44 Lovell Avenue, a block an a half from the fire house.

The home is owned by Carl Anderson, of 166 Santa Rosa Avenue, Sausalito, but occupied by a Miss Sawyer who was not at home.

Firemen in two engines, the chief's car and a pickup truck, put out the blaze in 15 minutes and mopped up in an hour and a half. Chief Leslie Armager and Assistant Chief James Mathews gave the damage estimate.

Home Safeguards By Labor Council

The Marin County Labor Council last night decided to take up with the state Federation of Labor financial methods of home payments in Marin County, as a safeguard against a dilemma faced by residents of Napa and Contra Costa Counties.

Some families in these counties face possibility of losing their homes because of involvement with firms that are now either defunct or in process of going bankrupt.

dignitaries will also be on hand to join in the welcome.

At Miracle Music and the courthouse square, girls from the Powers School will sell tickets to the dance, which will be held from 9 p.m. to midnight at Bermuda Palms. The ticket money will go toward Pam's scholarship.

Bob Olney's Orchestra will provide music for the dance, which will be for both teenagers and adults. Litchfield announced he will set up a special soft-drink bar for the teenagers, adjoining the dance floor.

Then, after the exciting competition and the heady welcome home, it will be back to work at Foster Freeze Drive-in for Miss California.

Admitted Slayers Plead Innocent

SHARON SPRINGS, Kan. (UPI) Two gum-chewing AWOL soldiers who admitted cutting a path of terror across half the United States and killing seven persons pleaded innocent to first-degree murder charges today in this small Western Kansas community.

Wallace County District Court Judge Benedict P. Cruise said he would name a commission of psychiatrists to determine the sanity of James D. Latham, 19, of Mauriceville, Tex., and George R. York, 18, of Jacksonville, Fla.

Teamster Deadline

Marin County and other Teamster Union locals voting by mail on an employers' final offer have been notified that deadline on the contract negotiations has been extended from tomorrow to July 31, assuring that truck operations will continue to end of month.

Fisherman Fined In Abalone Case

A fine of $100 was imposed on Lorin Gossage of Petaluma by Judge David R. Baty in Northwest Marin Judicial District Court yesterday and Gossage's fishing license was suspended for a year as result of conviction on a charge of taking abalone over the legal limit.

Game Warden Al Giddings arrested Gossage off Tomales Point July 16 in a boat with friends. Giddings observed Gossage as the only diver in the party and thereby frustrated an effort to divide the abalone among all in the boat.

The others had licenses but Giddings testified that none was actually taking abalone except Gossage.

Marin Gas Prices Begin To Rise

Gasoline prices in most service stations in Marin were up two cents a gallon today with others expected to follow soon.

Standard Oil of California started the raise yesterday throughout the bay area and was being followed today by other companies.

Regular gasoline in most of the stations went from 27.9 cents a gallon to 29.9. Ethyl was from 31.9 to 34.9 cents.

Prices at Wilshire stations remained 26.9 cents for regular and 28.9 for ethyl but instructions to raise were expected.

FRENCH

mander in Bizerte had turned down a Tunisian request for a truce this morning on the ground that a truce could only be arranged between military forces. The French commander called on the Tunisians to withdraw the women and children among the civilian volunteers swelling the ranks of the Tunisian soldiers around the base.

In other developments on the Tunisian scene:

1. President Bourguiba said a special Tunisian representative would arrive in New York tonight to present a Tunisian complaint against France to the U.N. Security Council. He called for a council meeting tonight or tomorrow.

2. The United States called on France and Tunisia to stop fighting "without delay" and peacefully settle their dispute over Bizerte. The State Department issued a statement urging both sides to "exercise restraint and moderation in seeking a solution to the problems which have resulted in the present state of affairs."

3. Units of the French fleet were reported moving toward Bizerte, where the 5,000-man French garrison was bolstered by 800 paratroopers from Algeria, dropped under Tunisian antiaircraft fire yesterday.

4. An announcement in Rabat said King Hassan II of Morocco sent a message to President Bourguiba pledging solidarity with Tunisia in its struggle against France.

5. In announcing a diplomatic break with France, President Bourguiba said that Tunisia would continue to maintain consular relations with the French. Both countries have been represented in each other's capitals for some time by charges d'affaires.

BLAIR

their candidate. It is only another attempt to thwart the mandate of a majority of the voters."

When asked by a listener to name three things Blair has accomplished in office, Dupuis admitted "embarrassment" over the question.

"I am not familiar with his accomplishments," Dupuis said. "I do not want anyone to think I am an expert on county affairs." He added that roads had been oiled on the Tiburon peninsula and a fishing pier for children built.

Johnstone cited Blair's recent effort to abolish the office of county administrator, "a move which will save the county $100,000 a year."

"Every major county in the state has an administrator system," Livingston said. "Only the backwoods counties leave their operation to laymen."

Denying that the recent stopwork order on the civic center, supported by Blair, will cost the county at least $14,000, Johnstone said it would "not cost the county a cent unless the contractor is able to show such a loss."

Johnstone charged Blair's opponents with "fabrication of fact" in saying county taxes are likely to rise next year.

"They are using this year's preliminary estimate of the tax rate as against last year's actual rate," Johnstone said.

Today's program, with Kitty Oppenheimer as moderator, will be re-broadcast over KTIM by tape recording on Sunday at 12:30 p.m.

SCHOOL

Continued from page 1

W. J. J. Smith received word from Sen. Thomas H. Kuchel last month that the Senate had agreed to a three-year extension of P.L. 874 and 815. The latter provides construction funds to federally affected school districts.

"We've been assured by Kuchel there will be a renewal," Smith said. If the law is not renewed, the results would be very "disastrous" for Novato, the superintendent said. "Severe cutting back" would be necessary, he added.

The San Rafael High School District has budgeted $74,000 in so-called "3-A" funds under P.L. 874, which are granted to districts whose pupils live on federal prperty, and whose parents also work there. This portion of the law, according to Acting Supt. Raymond Simpson, already has been made permanent by Congress earlier this session.

The other portion of the law, "3-B," provides funds to districts whose pupils live on federal property, or whose parents work there. This would have been included in the Kennedy bills.

San Rafael has budgeted no funds from this section of the law, but would have no difficulty in finding a spot for the money if the law is renewed, Simpson said. The high school district would be entitled to about $37,000 and the elementary district about $21,000 under this section.

State Calls For Bids On South Bay Span Job

SACRAMENTO (UPI) — The State has advertised for bids on construction of 4.5 miles of four-lane concrete trestle to replace the easterly portion of the present two-lane San Mateo-Hayward Bridge.

The work will be the second major stage in the bridge widening project. Construction of a mole fill at the eastern approach has been underway since early in April.

Vandals Hit Windows At Construction Shack

Vandals have broken windows in the construction shack next to Lagunitas School and emptied several fire extinguishers at the school, Principal Clifford L. Frye reported to the sheriff last night.

Frye said several incidents have occurred during the past several days.

OBITUARIES

Brother Francis Walsh Dies

Brother Francis Walsh, O.P., porter at the Dominican Fathers Priory in Kentfield, died last night of a heart attack in an ambulance on the way to a San Francisco hospital.

Brother Walsh, 77, had been admitted yesterday to Marin General Hospital, and was being transferred to Notre Dame Hospital. He had been ill for a day.

A lay brother, he had served at the Kentfield priory for the past decade. He was a porter and kept a large garden there. He also served in the priory's old house in the 1930s.

Brother Walsh entered the Dominican Order in 1921 in San Francisco, the city of his birth. He served at St. Dominican's Priory there, at St. Albert's Priory in Oakland and the Dominican House of Studies in Washington, D.C., before being assigned to Marin County.

He is survived by a sister in Long Beach.

Office of the Dead will be recited at St. Dominic's Church, Bush and Steiner streets in San Francisco, tomorrow at 8:30 p.m. A Solemn Requiem Mass will be celebrated at 10 a.m. Saturday at the church. Burial will be at St. Dominic's Cemetery in Benicia.

Mill Valley Manager Almcrants Gets Raise

The Mill Valley City Council last night raised the pay of City Manager A. E. Almcrants $50 for a total of $1,000 a month.

Other monthly salaries for city employees were re-established but not changed. They are: city attorney, $450; treasurer, $300; planning consultant, $500, and city golf pro, $400. The city engineer will get $10 an hour.

Mill Valley jeweler Manuel Gomez asked the council why the city "subsidizes" a pro who is "maintaining a private business that should pay for itself, plus make it own profits."

Vice Mayor George Blackwell, who sat in for vacationing Mayor Robert D. Huber, told Gomez "it's in the contract the city has for the course."

The council pigeon-holed a recommendation by Police Chief Dan Terzich for a bicycle ordinance requiring licenses and registration at $1 for the first year, and 50 cents each year thereafter.

In other matters the councilemn:

1. Denied request by Dr. Charles R. Fielder for abandonment of a 250 foot-long section of creek at Corte Madera Avenue and King Lane.

2. Asked Mrs. Charles Enstein of 11 Hollyhock Court, requesting permission to build a swimming pool on a portion of area proposed for future widening of Camino Alto to consult with the city engineer regarding payment for construction of a retaining wall.

3. Instructed councilman Wornum to meet with the chamber of commerce to "work out some mechanics" on how business signs on buildings should be alloted to occupants.

4. Invited Frederic D. Kerr of Cooper and Kerr, San Rafael, to audit the city's books at a fee of not more than $1,500.

5. Instructed the city attorney to prepare a resolution to annex 52 acres owned by Maurice Kapps of San Francisco, near the Cascade Reservoir. Filter station property owned by the Marin Municipal Water District within the acreage would also be annexed.

No Swimming Ordered At Cascade

No swimming!

That's what the law is going to be at Cascade Reservoir—hot days or not.

So decided the Mill Valley city fathers last night. They also instructed police to do whatever is necessary to enforce a new ordinance to be drawn up by the city attorney.

The decision for strict enforcement followed a letter of protest from 20 resdents of the reservoir area who said persons "trespassing on the city property" are causing fire hazard, blocking traffic, risking the city to liability in case of a water accident, and are generally a nuisance.

City Atty. Leland H. Jordan told the council he doubted whether he could prosecute any one at the reservoir because "I don't believe the city has a trespass ordinance for that area."

The council decided on a no-swimming ordinance only, pending a recreation program.

City Engineer Stanley Bala suggested that the reservoir be drained and the dam inspected.

Bala warned that the dam—built in 1889—may dump the reservoir's one million gallons of water on the city hall some day, or it may "last another 100 years."

The council decided draining the reservoir was out of the question.

Marinites Helping Fight Blaze

Fire on the south slope of Mt. Umunhum in the Santa Cruz Mountains today threatened several homes along a mountain road.

Civil Defense fire engines from San Anselmo and San Quentin Prison were called at 7:30 a.m. to help battle the blaze. Capt. Charles Pinza and fireman Stewart Schriver left from San Anselmo and Fire Chief S. T. Nordstrom and two inmates left from San Quentin.

A State Division of Forestry spokesman said residents along the road had been ordered to leave as the flames advanced rapidly through the dense underbrush.

Some 500 fire fighters battled to the blaze, which had been contained in a 180-acre area yesterday.

The Forestry Division spokesman said the new outburst did not threaten the Air Force radar station atop Mt. Umunhum or the populated Aldercroft Heights area.

As many as 243 observances of the aurora borealis in a single year have been recorded in the central Hudson Bay region.

Terra Linda Gym Opening To Adults

San Rafael adults who want to work out in a gymnasium for a few hours have a chance to do so tonight and each Thursday night from 7 to 9:30 p.m. at Terra Linda High School.

Dennis Sullivan, recreation supervisor for the San Rafael Recreation Departement, announced that the sport and game night on Thursdays is open free of charge to both men and women, over 18 years of age.

Included in the program is basketball, volleyball, badminton, table tennis, and other activities. Participants should wear tennis shoes and provide their own towel for showers.

Larkspur Man Gets Drunk Driving Fine

Robert L. R. Poarch, 28, a Larkspur service station operator, must pay $158 fine and remain on six months probation for his first drunken driving offense.

Judge Leonard A. Thomas of Marin Municipal Court sentenced Poarch yesterday for driving while intoxicated along Highway 101 on July 1. Poarch lives at 56 Heather Way, Larkspur.

'BLOCKS A VIEW'

Tall Apartment Building In Mill Valley Is Lashed

An illegally tall apartment building was under fire at the Mill Valley City Council meeting last night—its architect a council member.

Mr. and Mrs. Theodore E. Cirul, residents of 94 Berkeley Avenue, San Anselmo, declared they will lose $50 per month in Mill Valley tenant fees "for the rest of their lives" because an apartment building designed by Council Michael Wornum is "so high it blocks the view" of tenants in their apartments at 14 and 16 Creek Lane.

The new building at 187 Throckmorton Avenue, across the creek from the Cirul Apartments, is owned by V. James Stragnola of San Rafael. He is requesting a variance from the ordinance limiting building height in the city to 30 feet.

The Ciruls maintain the Stragnola apartment is almost 40 feet high. Stragnola will seek the variance at a planning commission meeting next Tuesday. The Ciruls said they will protest a variance being given "after a building has been built," and that no "stop work" order was issued when the city knew the building was illegally constructed.

Wornum told the Ciruls that the design of the building had been legal but that circumstances in the creek bank's topography added height.

He also explained that his firm was not instructed to inspect the site during construction, "unfortunately."

Health Dept. Gets Mentally Ill

Applications for admission of the mentally deficient to state hospitals from Marin County have been transferred from the county probation department to the health department.

Records previously on file with the probation department have been transferred to the office of Dr. Carolyn B. Albrecht, health officer.

Dr. Albrecht's office henceforth will bill families for charges for care of children or adults now in state hospitals for the mentally deficient, while public health nurses and social workers are to assist families who have a member in or awaiting admission to institutions.

Film Studio Powder Blast Fatal To Two

CULVER CITY (AP)—Two men were killed and another injured today in an explosion in a gun powder storage vault at Metro-Goldwyn-Mayer studio.

Dead are Dell S. Price, Woodland Hills, and Carl E. Elmendorf, Santa Monica.

Seriously injured was Carl W. Friends, Culver City.

A studio spokesman said the three were transferring gunpowder from a temporary storage vault to a cartridge-loading room.

The studio's main arsenal is in an isolated Baldwin Hills area several miles away. One day's supply of powder needed for blanks in movie scenes is brought from the arsenal to the studio each morning, and this is what exploded, the spokesman said.

Cause of the blast, which came at 7 a.m., has not been determined.

The small storage building, near the Culver Boulevard gate, caught fire but the flames were put out quickly.

San Francisco's white population, according to the 1960 census, was 604,403 out of a total of 740,316.

New Indictment Returned Against Ex-Poland Aide

WASHINGTON (UPI)—A federal grand jury returned a new indictment today against former U. S. diplomat Irvin C. Scarbeck, charging he gave information to Communist agents about a U.S. appraisal of Polish military.

The grand jury, in a new indictment of the 41-year-old Scarbeck, added three counts to one with which he was previously charged.

The new charges said Scarbeck, whose attorney said he acted because of threats to a 22-year-old Polish girl friend, passed information to the Communists from a Foreign Service dispatch dated March 27 and titled: "Estimate of effectiveness of Polish armed forces."

The grand jury also accused him of turning over another dispatch of Feb. 24, apparently a summary of information not otherwise identified.

Scarbeck, whose trial is scheduled for Oct. 3, initially had been indicted on charges of passing information from a Jan. 13 dispatch titled: "An examination of U.S. policy toward Poland during the past four years."

TODAY'S EDITORIAL

Why Recall Blair? How Is Recall Likely To Turn Out?

What curious set of circumstances has brought about the recall movement against Supervisor J. Walter Blair?

This is the question running through the minds of many courthouse observers.

It is easy enough to say that he voted to stop work on the civic center, voted to abolish the office of county administrator and urged mass protests against the tax appraisals set by Assessor Bert Broemmel—all highly unpopular moves.

But these easy explanations aren't sufficient. These actions pretty much square with the campaign statements that led to Blair's election a year ago by a majority of his constituents.

Now we strongly suspect that a majority of his constituents no longer would endorse his election.

Our guess is that some of his statements and actions have offended some of the very people who supported his election.

In some instances, he has acted as if he were not the least bit concerned nor sensitive about the desires of many of the people he represents.

It is as if he attributed his successful election to the right-wing taxpayers' association group and felt no responsibility to anyone else.

This, of course, would be wrong. For a supervisor represents all the people of his district, including those who did not vote for him.

Apparent failure to keep this latter fact in mind seems to us to have led to the recall movement.

Will the recall succeed? Will Blair be kicked out of office before he has served even one full year of his four-year term?

These too are questions pondered by courthouse political pundits.

Our own guesses are these:

1—People are sufficiently "het up" so that the necessary number of signatures will be obtained to bring about the recall election.

2—Whether or not Blair is recalled and replaced will depend on (a) what kind of a candidate or candidates oppose him, (b) what kind of a campaign the recall-ers conduct and (c) what kind of a campaign, if any, Blair conducts in his own defense.

We think one courthouse observer hit it on the head recently when he said, "Sometimes I almost feel sorry for Blair. He is doing what he honestly thinks is right and best; but he doesn't understand the idea that a political office holder should be sensitive to the desires of the people he represents. It's almost pitiful. He's brought this recall on himself and I doubt if he can understand it."

Gophers, Dogs And Cats

When we are awakened in the predawn hours by the restless pacing and sniffing of the dog by the open window and smell the promising aroma of fresh turned earth, we groan. To us it means an unwelcome chum named Gopher has been tunneling under the grass, raising mounds of earth and chewing the tubers and roots of some of our choicest plants.

Dog is excited. To him Gopher means tearing up the lawn in futile, but frenzied pursuit. It's times like this we wish we had a Cat.

Dogs chase Gophers, but a good hunting Cat catches them. The patient, cunning Cat waits silently by the hole and snaps Gopher when he emerges.

We try to kill Gopher too. Poison gas, firecrackers, poisoned baits and traps fail to harm this creature—at least, in our inexperienced handling of these instruments of destruction.

And try to drown Gopher with a hose in his burrow? Save our county's water! It is a waste of time. Gopher always has several escape hatches for just such an emergency.

Gopher probably doesn't have a very high IQ as animals go, but he's smart enough to outwit most men and survive to mess up their gardens. Only patient Cat or other expert Gopher-catchers seem able to do him in.

Some More Letters That Ought To Be Written—More Often

NEW YORK (AP) — More fragments from letters some people would like to get — but rarely do:

"It is with real pleasure we inform you your recipe for making chocolate-flavored peanut butter patties has won first prize in our national contest. You and your husband can pick up the $10,000 check —and the two round trip tickets to Paris—at our office whenever you . . ."

"Your boy's feat in pitching a no-hit victory for his kindergarten baseball team has come to the attention of our organization. In keeping with the program of the New York Yankees for long-term player development, we are willing to give your lad a $60,000 bonus to sign with us now. Naturally, before reporting to us, we would prefer that he go on with his schooling—as later it will be necessary for him to autograph baseballs."

"We are returning your check for $75, covering the latest installment due on your loan. When Bascom G. Goodheart, our president, died last month, he left a proviso in his will that all outstanding loans be canceled. So you owe us nothing. Would you like to start all over, and borrow some more?"

"And so, in recognition of the fact that you are the millionth customer for our new cars this year, the manufacturere is pleased to offer you the model of your choice with our compliments, plus free repairs for the life of the vehicle."

"No wonder you can't grow anything on that old farm you bought for your retirement years! The soil sample you sent is heavily saturated with ground oil. Our advice to you:

"QUIT PLANTING and start drilling—and then buy a home in Palm Beach. You ought to be able to bring in 10 gushers an acre."

"It was one of those unfortunate mix-ups which I'm sure you'll understand. But the fact is we had the wrong X-rays. It is not your wife who is going to have triplets."

"THE PRESIDENT was so impressed with your proposal to reduce income taxes that he is placing a special plane at your disposal so that you can fly to Washington to explain it to him in person.

WHAT OUR READERS SAY

Emotion, Rhetoric Anent Marin Coast

EDITOR,
Independent-Journal:

As an admirer of the beauties of nature and as a resident of Stinson Beach I must go on record as opposing the idea that "freeways into west Marin are inevitable and must be planned for."

I could be logical about it and call your attention to the fact that the Marin County Planning Commission has favored the idea of low-density residential development and on that score alone no freeway will ever be needed into this area. But the arguments of the editor have been anything but logical and I feel that I must stoop down to his level of emotion and rhetoric. And this is what I have to say.

If our children and generations yet unborn should have any favorable comments to make on our way of life and on our custody of natural beauties I should certainly like to know what they may be. At this very moment western Marin County is one of the loveliest unspoiled places on this natural earth. The works of Man, crude, crass, and commercial are yet dwarfed by nature's grandeur. The deer still skip across the highway to their evening watering places, the songs of birds fill the air and hundreds of varieties of wildflowers bloom in their secret places as they have for uncounted centuries.

And by the editor's own reckoning in 10 short years we shall have all this bulldozed into the sea, paved over with concrete, slide-ruled out of existence by insane, empire-building engineers who will be aided and abetted by greedy land speculators who would for personal gain subvert the will of the majority of the citizens as expressed by their planning commission.

Then the only thing left skipping across the highway will be a two-ton automobile, out of control, heading for a fiery end. Instead of birdcalls there will be the staccato beat of a well-tuned Diesel truck as it toils over the grade. The wildflowers will be replaced by ugly cuts and fills, the naked rock stark in the smoggy sunlight. And in town the edges of these roads will be lined with a chrome and neon disorder, scum-like.

Those of our descendants with imagination will gaze upon this mess and infer from it what it once must have been. And they will shake their heads, wondering at the future, if any, of the human race. They will mark ours as a generation of louts, greedy, sloppy, and egotistic; greedy, for letting the quest for easy profits rule our lives; sloppy, for the way we have managed our living space; egotistic, to think that we, nature's own, could improve upon nature.

These kids of ours will be wrong, of course. Most of us today like west Marin the way it is and want to keep it this way.

Can we?

Ask Impeachment Of Fusselman

EDITOR,
Independent-Journal:

As a child there was nothing that I could ask of my father that would give me greater pleasure than that he bring me to Marin County for a weekend or for a camping trip with the San Francisco ROTC. He was the founder of it in the San Francisco schools. Even though the ROTC were not involved the thought of arriving in Mill Valley on the Northwestern Pacific Railroad at an early hour on a Saturday morning still thrills me. At that time it appeared that it was truly God's Country and that it would always remain so.

In 1926 I was graduated from West Point and with my bride was ordered to duty at the Presidio of San Francisco. We were lucky in that we were given quarters which overlooked our Marin County. She was from New York but at that early time she agreed that Marin County was the place for our retirement. This, of course was great as far as I was concerned.

In 1956 I did retire and we did purchase a home in Marin County. The taxes were high, yes; the people were great, yes; but there was an undercurrent of dissatisfaction which at our early indoctrination to the new Marin County was most disconcerting. After a great deal of soul searching we have arrived at the conclusion that the center of discord lies in one area. Being, even after 34 years of military service and two wars a peaceful soul, basically, I was inclined to live and let live and probably to let my civic duty sleep.

After reading the article by Manny Charnow in the issue of the Independent-Journal of July 13, I cannot in clear conscience remain silent.

It is my humble opinion that our great trouble lies in the lap of one man who was for some unknown reason elected to the Board of Supervisors years ago and who was again elected this past year. I declare that those who voted for him have been let down to the utmost and I further declare that those who voted against him, of whom I am one, are not in the least surprised at his vindictiveness and desire to get even with those who in any way have opposed him in the past. As a public servant, he is completely lacking in public desire to do good and more unfortunately still he has carried two weaklings along with him. My hat is off to those fine tried and true public servants Walt Castro and Bill Gnoss.

So to the point of this letter: I at this time call for the necessary action which will result in the impeachment of William (Bill is reserved for friends) Fusselman and to go further, his slaves. They will, of course however, go as the wind blows so why bother?

Policeman's Lot Not Happy One

EDITOR,
Independent-Journal:

I refer to the reports of last week in connection with the Bowman case and the disclosures that certain officers in the San Francisco police department are compelled to resort to the use of unlisted telephone numbers.

The writer has recently moved to Marin County and his next door neighbor for the past six years in Los Angeles was a senior captain in the police department there.

It may be of interest to note that this particular law enforcement officer was also forced to use an unlisted telephone on account of threats (some real and some by cranks and screwballs), calls involving obscene and filthy language and continued general harassment.

Truly, "a policeman's lot is not a happy one" . . . at least not all of the time.

TRY AND STOP ME

BENNETT CERF

Have you caught up with the story of the Las Vegas transient who awoke with bad pains in his stomach one night and put in a hurry call for the house physician? That gentleman give him a quick examination, folded up his stethoscope, and said, "I'll give you four to one you have acute appendicitis."

Healthways Magazine defines a specialist as a doctor who has trained his patients to get sick only on a weekday between ten and four; a general practitioner, on the other hand, is likely to be called off the golf course at any time.

20 YEARS AGO

T. Fred Bagshaw of Mill Valley offered to resign from the county board of supervisors if it would help settle a fuss over appointments to the county planning commission after which the board by 3-2 vote reappointed Charles T. Lund of San Rafael and Mrs. Lillian R. Mosher of Larkspur.

On A Hot Day, It Makes One Feel Cooler To Day Dream Of Ice, Snow

IT'S TOO HOT to write a column. Much too hot.

We prefer to daydream on a day like this—about all the cold places we've visited, about snow and ice and cool breezes. Try it; it doesn't seem so hot when you wake up.

There was this mountain in Switzerland, not far from Lucerne. You rode a cable car a long way, almost to the top. Up there you saw snow thicker and whiter than you had ever seen before, swirling through the trees, blowing wildly across your face, tangling in your hair.

It was a strange, different, beautiful world, up there on the mountaintop. The village far below was hidden from sight. There was only the cold and snow and trees and the wind, and a tiny shop where you drank hot tea to take the chill away.

Almost five years have passed since I visited that mountaintop, but the memory is sharp and clear. It's good to think about on a hot day. Br-r-r.

UNDERSHERIFF Eugene Meyer is hoping parents will be more strict with their youngsters who own B-B guns. Now that school is out, children shooting these guns are creating a problem in some areas of the county.

It's illegal to shoot in thickly populated areas, Meyer points out. He recommends that parents supervise any shooting and suggests that if they don't have enough land for it, they get permission from owners who will allow shooting on their property.

There have been complaints, from Santa Venetia, for example, of youngsters shooting with B-B guns at street lights and birds.

Says Meyer: "When I was a kid in Tam Valley, shooting was okay there. Now all the homes have been built, and you can't go around shooting B-B guns.

LISTENING TO recent discussions between the Novato Planning Commission and citizens committees who have drawn up recommendations for the master plan, we came away with the impression that Novatans don't yet really think of their city as extending all the way to Hamilton's gates. Many of them talk as though it's still a small town, clustered around Grant Avenue.

Some apparently are quite opposed to plans for the Cross Roads Shopping Center at South Novato Boulevard and Highway 101, and fear loss of business for the downtown area.

But as County Planning Director Mary Summers reminded them, Cross Roads will be part of Novato, within the city limits. "We are planning for a large, total watershed which is Novato — and its future; not the few scattered subdivisions floating around, but the total future of some 3,700 or more homes," she declared.

Planner B. D. Dobbs expressed the view that properly located shopping centers, growing with their trade areas, should not appreciably affect downtown business. Each should draw a share of the dollars, he said.

The citizens committee has recommended development of Novato's downtown business area first, but Mrs. Summers has taken issue with this view. She feels the proposed Cross Roads is a better location for a regional center than downtown.

Contrary To Previous Assurances, Kennedy Not Facing Public Often

WASHINGTON (AP) — President Kennedy has kept busy, but not as an explainer. He's being urged to start talking.

After almost six months in office he's made less use of press and TV than President Eisenhower in the same time to get his ideas across to the people.

By this time in his first term Eisenhower had held 13 news conferences. So far Kennedy has had only 13. His 13th came yesterday.

Yet before Kennedy took office his news secretary, Pierre Salinger, said he would be holding news sessions "more often than they have been held in the past eight years."

In his eight-year presidency Eisenhower had 192 news conferences, President Truman 324 in a little less than eight, and President Roosevelt 990 in 12 years.

AT THE RATE he's going Kennedy won't match any of them.

In his first six months Eisenhower had made two nationwide TV broadcasts, one by himself on national security, one with his Cabinet to discuss national problems.

In this same length of time Kennedy has made one direct TV talk to the nation: His report on his Vienna meeting a few days before with Premier Khrushchev.

After his successful TV debates with Vice President Richard M. Nixon last year—and particularly after his highly applauded inaugural address, which was shown on TV last January — it was thought Kennedy would make a lot of use of TV.

He has perhaps been seen on TV more often than Eisenhower in his first six White House months. But he has been seen in action—on the White House steps or greeting visitors—not in explanatory talks to the nation.

AS TROUBLE increased for him — Laos, Berlin and his trouble with Congress in getting his foreign aid bill through—there were repeated suggestions that he talk directly to the people on TV.

But for some reason which has never been explained he has avoided such a step, preferring to send messages to Congress or otherwise getting his ideas out.

Yet last Dec. 31 in defending his plan to have his news conferences televised live, Kennedy said it was part of the trend for greater communication of presidential views to the people "who are very much involved in his decisions."

AS THE BERLIN problem intensified there were many presidential conferences with aides but, except for the talk after Vienna, nothing direct to the country.

Now as the administration considers some mobilization—just in case things get rough around Berlin—Sen. Hubert H. Humphrey (D-Minn.), Monday urged Kennedy to give the country a "sober, reflective and thoughtful analysis" of what the country faces in the Berlin crisis.

Humphrey said he suggested this to Kennedy—in a report he submitted after his recent trip to Europe.

The senator said there is a necessity to let the American people know what alternatives they face in Berlin.

Want To Know Who Walked Off With Choice Adobe Creek Lodge?

Speculation on the San Francisco Peninsula and in Santa Clara County as to who might have purchased the famed Adobe Creek Lodge near Los Altos can now be resolved. The facts are out and the purchasers have turned out to be three Marin County residents.

David Bellucci, Ignacio restaurant operator and owner of the Skylark Motel, his brother Alfred, owner of Bellucci Realty, Novato, and Karl Katlas, retired ship captain and Novato subdivider, are the principals in the Adobe Creek Properties, Inc., taking over the resort management today. They will exercise full control as soon as the liquor license has been transferred.

The property, located at the foot of the hills west of Los Altos, consists of about 100 acres historically known as the old Haas Estate. It was purchased many years ago by Henry Waxman who made a resort of it, and later by Frank Martinelli, San Francisco night club operator, who has sold it to the Marin group.

The area is given over to extensive picnic grounds, baseball fields, three outdoor dance pavilions, five swimming pools, six residences; also has indoor dining facilities for 500 people and two bars.

David Bellucci said that he and his associates plan to promote Adobe Creek Lodge and build it into a peninsula showplace. He will spend a considerable amount of his own time on the property and a well known restaurant and motel executive in the Bay Area will be engaged as manager.

The trio will not give up their Marin interests.

How, we wonder, did the Kingston Trio manage to let this spot get by them?

HERMAN LEE of the Chinese Kitchen in Larkspur who will be in charge of the new take-out food store now under construction in the Harry Heifetz development opposite Terra Linda says it should be ready by the first of October—possibly before then.

Jim, and Ronald Lee, uncle and father of Herman, will remain at the Larkspur spot. The new store won't be quite as large as the present one but will be more ornate and have a larger cooking range.

THE DRIVE is on for Federally-issued and regulated driving licenses.

Veteran automotive reporter Tom McCahill, author of an article in Mechanix Illustrated magazine for August, proposes that everyone seeking a driver's license be subjected to tests conducted by a Federal bureau instead of a state agency. He would be obliged to prove his ability to handle a car safely not only under routine traffic conditions but in emergencies. If qualified he would be issued a license good anywhere in the United States.

The plan has its merits, but presupposes that a uniform traffic code will exist throughout the entire nation. Such a thing in itself might reduce the terrific highway toll and be a logical step toward qualifying drivers on a nationwide basis.

Drivers would still have to undergo periodic tests for license renewals. McCahill would have a U.S. Government agency keep a complete record of every driver from the time his license was issued until he died.

Opponents hold that it's another case of transferring the duties of the individual states to the Federal Government.

Wife Acquitted In Death Of Peninsula 'Beatnik Cop'

REDWOOD CITY (AP) — Sally Olliffe, the 25-year-old honey blonde who killed her "beatnik cop" husband with his pistol last May, is free.

A Superior Court jury Wednesday acquitted her after four hours and 38 minutes of deliberating. The trial lasted 10 days.

Sally collapsed sobbing and the court-room spectators cheered when the verdict was announced.

The defense contended Mrs. Olliffe acted in self-defense when she shot her 26-year-old estranged husband, Harry, in her Redwood City apartment.

San Mateo County Asst. Dist. Atty. Allison Rouse had asked a first degree murder verdict.

Olliffe earned his "beatnik" nickname when he worked as an undercover agent to help break up a Peninsula marijuana ring. This was his only law enforcement job, since he failed examinations for a full time job.

Foreign Aid Bill Gets Senate Boost

WASHINGTON (AP) — President John F. Kennedy won a major foreign-aid bill victory today when the Senate Foreign Relations committee voted to authorize Treasury borrowing to finance a five-year, 7.3-billion-dollar economic aid loan program abroad.

Sen. Hubert H. Humphrey (D-Minn.), said the committee was to act later on Kennedy's request for additional authority to use 300 million dollars a year for five years for repayments of past foreign loans. This would supplement the financing of the development loan program.

Humphrey, who left the committee meeting early, said his recollection was the vote in favor of Kennedy's loan fund request was "about 10 to 7."

Chairman J. William Fulbright (D-Ark.), kept the foreign relations group on a busy schedule in an effort to clear the legislation.

The president wants to borrow 900 million dollars this year, and 1.6 billion dollars for each of the succeeding four years.

Muir Beach Swim Party Set Monday

Forty to fifty students of Park, Old Mill and Alto schools will go on a swimming party at Muir Beach from 12:30 to 3:30 p.m. Monday, Mill Valley recreation director Ronald C. Samet announced today.

Mothers who can provide transportation should call any of the three schools Monday morning, Samet said. Permission slips are available at all schools and must be turned in, signed by parents, before 12:30 p.m. Monday.

Today about 50 students of the three schools left on an overnight trip in a Mill Valley School bus to Alice Eastwood Park. They will be returned home tomorrow morning.

Next Tuesday from 11 a.m. to 3 p.m. there will be a hike to Cascade Falls for children 6 to 9 years old. Those interested must sign up at Old Mill School, Samet said.

Pocketknife Operation Saves 'Dead' Worker

MINNEAPOLIS, Minn. (AP)— "I didn't know what the trouble was when Sergeant Fritz said to hurry.

"But when I saw the man on the ground, not breathing, I knew the only thing to do was to open his chest and try to get his heart beating again.

In these measured words, still carrying a strong accent, Dr. Jay Jedryzeyewski, a Polish refugee who spent three years in Hitler's concentration camps, told how he calmly made an eight-inch incision with a pocketknife in the chest of Earl Butler, felled on contact with 7,200 volts of electricity.

Butler, 42, sinking a well in the yard of his suburban Fridley home late yesterday, had been shocked unconscious when an extension of a posthole digger came in contact wtih a power line.

"Seeing him without any signs of life and learning he had been electrocuted," the doctor said, "I thought there was still a chance to work on him and bring him back to life.

"Yes, for all purposes he was dead. But maybe there was a 25 per cent chance to save him."

The 41-year-old doctor borrowed a pocketknife from Police Sgt. Lynus Fritz and opened Butler's chest cavity, inserting his right hand to massage the organ.

"With the help of adrenalin into the heart the organ showed more and more signs of functioning," said the doctor.

The neighborhood general practitioner assisted in a hospital operation that closed the victim's chest.

Doctors later said Butler had about a 50-50 chance to live.

'Over-Generous' Awards Blasted

If insurance companies were forced to pay the full amounts demanded in claims filed for automobile accidents injuries, the cost of insurance would be five times what it is today, the San Rafael Kiwanis Club was told today.

The speaker at the Kiwanis luncheon at the Mission Inn was Richard Freeman, manager of Cascade Insurance Co. in San Francisco. He declared:

"One of the major causes for recent increases in insurance rates can be traced to the habit of suing for damages 'at the drop of a hat,' and it is the insurance buying public who will ultimately pay the bill when the juries make over-generous awards."

Investigation Of Foreclosures Ordered

NAPA (AP)—Gov. Edmund G. Brown has ordered an investigation of threatened foreclosures on 500 tract homes in Napa and Contra Costa counties.

A one week delay of steps toward foreclosure sales also was effected yesterday. It will allow two savings and loan associations that hold first deeds of mortgages on the homes to investigate the situation.

Mark Taper, head of the Berkeley Savings and Loan Assn. holding mortgages on Rancho Del Mar subdivision in Napa, said:

"We are merely foreclosing the first mortgage. We will sell the contracts to the home owners at the price they owe and they will receive their deed.

"There is nothing unusual in this procedure and it will help the home owners since they will have deeds instead of unrecorded contracts of sale."

The homes were purchased under conditional sales agreements in which the buyer does not get title until he pays his full debt.

Financial collapse of an East Coast mortgage company brought the threatened foreclosures.

The governor asked Preston Silbaugh, chairman of the State Board of Investment and commissioner of the Division of Savings and Loan to take charge of the investigation.

Reports that an auction of the homes was set for tomorrow were erroneous, said W. W. Blodgett, deputy state real estate commissioner.

The ancient city of Ba'albek in Lebanon was named for the Semitic god Ba'al.

SPENCER HALL
Vacation after retirement

Hall Retires From PT&T After 40 Years

Spencer Hall of Sausalito, who headed Pacific Telephone and Telegraph Co., emergency transcontinental cable construction work in the west just before World War II, has retired after 40 years with the company and is vacationing in New Orleans.

He plans also to visit Texas before returning to his home at 22 Wray Avenue, Sausalito, next month.

Hall, who has lived in Sausalito since 1950, started his business career as a test pilot for Glenn Curtiss after graduating from Stanford University in engineering. He is a native of San Jose.

He left Curtiss to join the Army Air Service in World War I and rose to the rank of captain.

PHONE SERVICE

His telephone service began in San Francisco in 1921 in the firm's plant department. He served successively as district engineer in San Francisco, special construction foreman, division construction superintendent and then as coast division construction superintendent.

Late in 1940 he was picked to handle one of Pacific Telephone's most important tasks. With headquarters in Sacramento, Hall supervised construction of the western end of an underground cable which ran 1,600 miles from Sacramento to Omaha, Neb.

RUSH COMPLETION

It was conceived by the Bell System in 1940 against the possibility of war with Japan and rushed to completion by December, 1943.

Following the war, Hall was named general plant supervisor, and then division plant manager of the firm's old coast division.

In 1953 he was named Bay Area superintendent of buildings, supplies and motor vehicles, the post from which he retires.

Hall and his wife, Ollie M., have two sons, Spencer Jr., a captain in the Air Force in Texas, and Sherman, who lives in San Leandro. They have nine grandchildren.

Greenbrae Owners Membership Drive

A door-to-door membership campaign will be conducted by the Greenbrae Property Owners Assn., directors decided Tuesday night.

The board hopes to get two-thirds of the residents of Greenbrae as members of the association.

Fall activities scheduled include a tour of San Quentin Prison on Sept. 13, a harvest dance on Oct. 14, and a Halloween party at the end of October.

Man Suffers Cut Leg Climbing From Pool

An Orinda man, visiting in Kent Woodlands, suffered a leg cut Tuesday night while climbing out of a swimming pool, sheriff's deputies reported.

The victim was Richard J. Jansuck, 30, who was visiting at 246 Evergreen Drive. He was treated for a lacerated right leg at Marin General Hospital.

Sonoma-Marin District Fair Coming

The Sonoma-Marin District Fair—Aug. 10-13—will be held on an eight-acre lawn at the Petaluma fairgrounds.

Fair officials report that this year's outdoor exhibits and carnival will all be on lawn for the first time in the fair's 25-year history at the Petaluma grounds. In preparing for the fair, maintenance men have used 600 gallons of paint and planted 650 flats of flowers.

This year's fair parade theme is "In the Gool Old Summertime." No entry fee is required on floats. Applications must be in by July 29 to the Petaluma Chamber of Commerce. President of the Fair Board of Directors is Albert Beherens.

The arts and crafts division will have two divisions: amateur and professional. Entries are limited to two per person, and the deadline to enter is July 28, said officials.

There will be only an amateur division in photography.

Entry blanks may be obtain at the Sonoma-Marin Fair administration office, Post Office Box 57, Petaluma.

The newest thing in tires: ribbons of color on the sidewalls.

San Rafael Man Hurts Arm In Drive Shaft

Steve Zappetini of Zappetini and Son, Inc., welders in San Rafael, suffered a cut shoulder and jaw when he caught his arm Tuesday in the drive shaft of a truck engine at Rossi Garage, 626 Fourth Street, San Rafael.

Zappetini of 148 C Street, was treated at San Rafael General Hospital for the cuts and a bruised left arm.

Sausalito School Board Meeting Set On Budget

The Sausalito School District board on Aug. 1 will take up a fiscal 1962 budget of $592,100, down nearly $5,000 from last year's, Supt. Marcus F. Davis announced today.

It also hopes to have an answer from developer Jackson Perego regarding his plan to improve a section of road above school district property.

Davis said Perego is willing to give up his rights to ingress and egress over surrounding roads and property in exchange for the authority to improve a section of road he has been hired to work on.

Davis said the budget cut is due to an enrollment decline caused by departure of families from Marin City under the redevelopment program.

Unaffected by wind, rain, oxidation, vegetation, or eruption, some features on the moon probably have stood unchanged for perhaps four billion years.

House Authorizes Funds For Space

WASHINGTON (UPI) — The House today authorized every penny of the 1.7 billion dollars which President Kennedy requested to step up America's space programs, including a race with Russia for the moon.

The bill, which raises the ceiling on spending by the National Aeronautics and Space Administration, was approved by a 354 to 59 roll call vote. The Senate still must act on it.

House and Senate conferees worked out the measure yesterday. Actual money bills will come later.

The legislation would shift 10 million dollars from construction funds to the research and development program of NASA, which is overseeing preparations for a manned flight to the moon by 1970.

The principal opposition to the conference bill came from opponents of the moon shot project. Rep. Perkins Bass (R-N.H.), a member of the House Space Committee, said "This is no time to be embarking on a man on the moon project."

He said the United States is so far behind Russia in large rocket boosters it probably cannot win the moon race. Instead, he said, this country should concentrate on communications and weather satellite projects in which it already leads and which offer direct benefits to mankind.

House Group Dumps Postal Hikes

WASHINGTON (UPI) — President John F. Kennedy's chances of getting some increase in postal rates this year were all but killed by the House Post Office committee today.

The committee voted 13 to 9 to postpone until Aug. 17 any further consideration of postal rate increases.

Rep. James H. Morrison (D-La.), who offered the motion, told newsmen afterward that his purpose was to kill chances for congressional passage of a rate hike this year.

"The bill now is dead as a doornail," Morrison declared.

Other members generally agreed. Pending before the committee was an administration proposal designed to raise 592 million dollars in revenue by raising the rate on first class mail by one cent and increasing rates on other classes of mail.

An International Eye Bank is MEDICO'S latest project.

MacArthur In Capital For Talk With Kennedy

WASHINGTON (UPI) — Five-star General Douglas MacArthur was honored today at a White House lunch with President John F. Kennedy.

The 81-year-old MacArthur was expected to give his views on the Berlin crisis and ways to meet rising Communist pressure in Asia to the 44-year-old chief executive.

MacArthur arrived from New York without fanfare in a presidential plane. It was his first visit to Washington since 1954.

Representatives of the State Department, the Pentagon and members of the House and Senate were invited to the lunch at the executive mansion.

MacArthur refused to say in advance what he would discuss with Kennedy. But Kennedy was certain to thank the "old soldier" for representing this nation at the 15th anniversary celebration of Philippines 'independence in Manila last July 4.

Rail Aide's Statement Is Given ICC

SAN FRANCISCO (AP) — A 1956 declaration by Western Pacific's President Frederic B. Whitman that his railroad always would have difficulty attaining financial security was used by Southern Pacific yesterday to support its bid for taking over control of the WP.

SP attorneys offered Whitman's statement in the hearing before Paul C. Albus, Interstate Commerce Commission examiner, on the rival applications by Santa Fe and Southern Pacific for control of WP.

Whitman and WP management vigorously oppose being taken over by Southern Pacific. Instead, they actively support Santa Fe's exchange of stock offer to make WP a wholly owned Santa Fe subsidiary.

Testifying in an October 1956 ICC freight rate hearing, Whitman declared:

"The Western Pacific has existed for 40 years on the verge of or in a state of bankruptcy.

"Two factors will always make it difficult to achieve financial security on the Western Pacific:

"1. An unstable traffic position because it is based on a single metropolitan area.

"2. A weak revenue position because of the inherent competitive situation which causes a constant narrowing of the margin between costs and revenues."

Vandal Clips Hair From Horse's Tail

Mrs. Dolores Studebaker, who lives in a trailer at McNear's Palm Beach, had a rat-tailed nag yesterday.

The horse had a fine, flowing tail when she bought it six days ago for $375, Mrs. Studebaker told sheriff's officers. But Tuesday, someone clipped all the hair off the horse's tail.

CD Effort Shifted To Pentagon

WASHINGTON (AP) — President John F. Kennedy transferred today to the Pentagon major responsibility "for a greatly accelerated civil defense effort including a nationwide fall-out shelter program."

The executive order gave to the Office of Civil and Defense Mobilization—which has been reseponsible for civil defense—the role of "advising and assisting" the president in planning the continuity of government and the mobilization of industry in event of a war emergency.

Despite reports that OCDM Director Frank B. Ellis had opposed so sweeping a shift of power to the Pentagon, the White House announcement said Kennedy had acted on Ellis' recommendations.

A presidential statement emphasized that civil defense "will remain civilian in nature and leadership."

Lagunitas School Budget Meeting

Date for hearing and final approval of the Lagunitas School District's 1961-62 budget is to be set at tonight's meeting of the district board at 8 o'clock in Lagunitas School.

The meeting will be largely taken up with financial discussions. Progress on building of additional classrooms is also to be reported.

White Returns To Haunt Horace

ST. LOUIS (UPI) — If Giant owner Horace Stoneham ever was sorry he traded first baseman Bill White to St. Louis, he must be doubly remorseful today.

Stoneham was in St. Louis last night to see big Bill, enjoying one of his better years in baseball, single across the winning run in the 10th inning to defeat San Francisco, 3-2.

White's blow not only cancelled out a rare home run by Harvey Kuenn that tied it 2-2 in the ninth, but also cost the Giants an opportunity to gain on league-leading Cincinnati. The Reds dropped their fourth straight last night, while San Francisco suffered its second straight setback.

Manager Alvin Dark planned to send Jack Sanford (4-5) to the hill today to oppose Al Cicotte (2-3) in the second game of the Giants' road trip.

San Francisco now is eight games off the pace in third, one-half game ahead of fourth-place Pittsburgh.

White, who tied a major league record Monday and Tuesday by drilling 14 hits in consecutive doubleheaders, also tripled across the Cards' first run and scored the other as St. Louis took a 2-0 lead in the opening frame. White, who went to the Cardinals in the deal that brought Sam Jones to San Francisco, tallied in the first on Ken Boyer's sacrifice fly.

The slugging first baseman's game-winning hit came off ace reliefer Stu Miller, who suffered his third defeat against seven victories.

Miller allowed four hits, three of them in the 10th, after taking over in the eighth for starter Mike McCormick, who was lifted for a pinch-hitter. McCormick gave up just three safeties during the seven innings he worked.

The Giants picked up an unearned run in the fourth on Jim Davenport's double and an error by White on McCormick's high bounder to first base. Then Kuenn's third home run of the campaign tied it in the ninth.

Kuenn's blast followed by a walk to Joe Amalfitano, sent starter Ray Sadecki to the showers, and brought on rookie Craig Anderson. The 23-year-old then retired six straight batters, while striking out Willie Mays, Davenport and pinch-hitter Willie McCovey.

Anderson (3-1) also helped to win his own game in the 10th by singling and advancing to third. Then with two out White came to the plate with Anderson on third and another man on first. And the Giants chose to pitch to White, instead of intentionally walking their former teammate and facing Ken Boyer.

The rest is history.

Does Mays Rate With Cobb? One Old-Timer Thought That He Did

HANLEY

It is now painfully apparent that the Giants lack the necessary pitching, excluding always available Stu Miller, to get back in the 1961 National League pennant race. So, let's talk about Willie Mays.

We would be willing to bet he could pitch, too, but then his wonderful bat, glove and base-running would be seen only once or twice a week. No, leave Mays in center. Mays is the most electrifying, exciting baseball player the game has ever known. And perhaps he is the greatest ever. Old-timers readily concede the first statement. Most of them hedge on the second. Rate Mays ahead of Ruth, Cobb and other greats of bygone eras?

"Now, wait just a minute," is the usual prefatory protest.

But there was one oldtimer who never hedged. He was Jim Crusinberry, a charter member of the Baseball Writers Assn. and former sportswriter and editor in Chicago and New York.

When he died last summer at the age of 81, Crusinberry had just started a book on Mays and this, in part, is what he had to say:

"TY COBB and Willie Mays are the best I've seen in more than half a century of covering baseball. Until I saw Willie in 1952 I thought Tris Speaker was the game's best outfielder. Willie is the best the game ever had. I probably will get no argument in listing Cobb No. 1. But I know there will be loud protests in my rating Willie with Cobb, ahead of Babe Ruth and other greats.

"However, I'll stand on my picks. When Mays was born in the little Alabama town of Westfield, the Lord bestowed rare gifts on him. Like Cobb, he is a gifted player, but also like Cobb he is as smart as they come.

"Speaker played a shallow center in the days of the dead ball and could race back for anything. As a result, Speaker got a lot of line drives that would be hits today on most center fielders—but not Willie. Mays comes in like a whippet or goes back almost as fast and doesn't lose any speed going left or right. He keeps in excellent condition and will still be thrilling the crowds 10 years from now."

Crusinberry loved baseball and loved to watch Mays about whom he wrote the foregoing in the spring of 1960, three months before he died. As old as he was, Jim never complained about climbing the steep stairs into the press box at Phoenix Municipal Stadium where the Giants pitch their spring camp.

"IT'S MY PRIVILEGE to see that fellow play," he would say, referring, of course, to Mays.

It was during the spring of '60 that Crusinberry brought Mays and Cobb together. He wanted a picture of the two players he rated as baseball's greatest. The occasion presented itself at the annual Old-Timers Day in Scottsdale where the Giants were playing an exhibition game with the Red Sox.

Crusinberry asked Cobb if he would pose for a picture with Mays.

"Do you know what Ty said to me?" Crusinberry asked rhetorically. "He said, 'Jim, it would be my honor. Do you think he will pose with me?' "

Kids' Tennis Moves Into Home Stretch

Quarterfinals and semi-finals in both singles and doubles for boys takes over the spotlight in the Marin County Junior Tennis Tournament tomorrow as the eighth annual event roars down the homestretch.

Some great matches are in the offing at San Rafael's Albert Park, particularly in the boys under 18 and under 15 singles.

Harvey Klyce of San Rafael, the top seed in the older division, moves out onto the center stage at 1 p.m. tomorrow to cross racquets with tough Scott Murphy in one semi-final showdown. The other semi in that 18 and under class matches Brian Laurie, last year's champion in the 15 and under division, against Jim Christiansen at 9 a.m.

WITT VS. MURPHY

The 15 and under division also presents its semi-finals with Hilliard Witt tangling with Scott Murphy at 9 a.m. and Sam Mercer against Mike Castelli at 11 a.m.

Quarterfinals matches in doubles are scheduled for 9 and 11 a.m. and 1 p.m. for boys 15 and under and semi-final doubles for boys 18 and under at 3 p.m.

Tournament Chairman Joe Rodota of the San Rafael Park and Recreation Department, which co-sponsors the tourney with the Independent-Journal, said Saturday's schedule will run from 9 a.m. past 6 p.m. with the crowning of champions and presentation of 32 beautiful trophies at the latter hour.

SPRING SEASON FOR FOOTBALL IS PROPOSED

BIRMINGHAM, Ala. (AP) — Alabama Coach Paul Bryant, who owns a reputation as a football team rehabilitator, comes up with an idea he believes will revolutionize the game—a split season.

Football games in the spring will attract just as many fans as in the fall, Bryant told Birmingham News sports editor Benny Marshall today.

"What do you think we could do with three games in the spring?" Bryant asked.

"I guarantee you if we played Auburn in Birmingham, Ole Miss in Tuscaloosa and Kentucky in Lexington, we'd all get $300,000 apiece," he declared.

Current rules of the National Collegiate Athletic Assn. limit college games to 10 regular-season games during the "traditional autumn period," and to 20 spring practice days over a 36-day period.

Bryant said money from the spring games would go a long way toward raising teacher salaries, buildings and other educational uses.

RACES HELP STATE

OCEANPORT, N. J. (AP) — In 1946, the first year of thoroughbred racing at Monmouth Park, the state of New Jersey received $978,404.10. In 1960, the state's take was $7,833,845.60. In 15 years the state has received $84,335,004.22.

Injuries Plague U.S. Track Squad For Meet In London

STUTTGART, Germany (AP)—With the hospital list growing by leaps and bounds, the battle-weary United States track team headed for London today and a two-day meet with Britain Friday and Saturday.

Coach Jumbo Jim Elliott's squad wound up winners 14-6 in events and 120-91 in points, over West Germany here yesterday with two additions to the sick bay squad—miler Jim Grelle and javelin thrower John Fromm.

The U. S. women's team may have lost its ace—Wilma Rudolph, who complained of a pain in her right leg after flashing to a world record of 11.2 seconds in a special 100-meters race during the men's meet last night. Wilma shares the listed mark of 11.3 with two others.

Her injury is a pull in the hamstring muscle but team physician, Dr. Dan Hanley, said he thought she would be able to compete in the remaining two meets.

ATHLETES SCRATCHED

Grelle, who was scheduled to run the 1,500 meters against West Germany, had a sore throat; and Fromm complained of a muscle pull. Both were scratched.

Paul Drayton, No. 2 sprinter, was kept out of the West German meet because of a muscle pull. Pole vaulter John Nelses is getting over a leg infection.

Against the West Germans, it looked as though the upset of the year was in the making, especially when Manfred Germar beat Frank Budd in a 20.7 for the 200-meter title.

Budd had been beaten only once in 25 races this year. Germar is one of the top sprinters in Europe.

UNEXPECTED WINS

The Americans collected two unexpected victories when Deacon Jones won the 3,000-meter steeplechase in 8:47.4, and John Gutknecht took the 10,000 meters in 29:46.8.

Dyrol Burleson won the 1,500 meters in a routine 3:50.3. High jumper John Thomas cleared 7-½. He missed at 7-2½. Ralph Boston, the world record-holder, coasted to a 26-3¼ victory in the broad jump.

Cliff Cushman of Grand Forks, N.D., fought off Helmut Janz, an old Olympic rival, in the 400-meter hurdles. Cushman won in the last stride, and both were caught in 50.4.

Jay Silvester, an army lieutenant from Trementon, Utah, won the shot put with a 60-5 heave to become the only double winner. He captured the discus the first day.

Dodgers Close In On Slipping Reds

By ASSOCIATED PRESS

The Los Angeles Dodgers are back in business in that National League race, and all it took was a pair of four-run innings and Johnny Podres' first complete game at Cincinnati in four years.

Those two big innings, plus Podres' nine-hit pitching, gave the second-place Dodgers an 8-3 victory in the opener of a two-game showdown series at Cincinnati last night and shaved the Reds' National League lead to 2½ games with their fourth straight loss.

St. Louis, the hottest club of the moment, kept third-place San Francisco eight games behind by beating the Giants 3-2 in 10 innings. It was the fifth straight success for the sixth place Cards. Milwaukee beat Philadelphia 8-5, but the last-place Phils took the second game of the twi-night pair with two ninth-inning runs for a 2-1 victory. Rain washed out Chicago-Pittsburgh.

PURKEY BEATEN

The Dodgers came from behind with the first of their four-run bursts, in the third inning, against losing right-hander Bob Purkey (11-5). Singles by Norm Larker, Charlie Neal, Willie Davis and Wally Moon, plus Purkey's error and an infield out, did it. Larker, who had three of the Dodgers' 11 hits, and Neal singled again in a four-run sixth, with Neal's hit driving in two.

Podres (11-2) walked only one and struck out four in his first complete game at Crosley Field since July 28, 1957.

The Phils were blanked on three hits for eight innings by Carl Willey (3-4) in the nightcap, then beat the Milwaukee right-hander on singles by pinch hitter Elmer Valo, John Callison and Lee Walls in the ninth.

In the opener, rookie Mack "The Knife" Jones batted in three runs with a triple and two singles.

Kilmer Passes To TD In Scrimmage

EVANSTON, Ill. (AP) — The College All-Stars, tuning up for their Aug. 4 football game with the Philadelphia Eagles, scored three times in an 80-minute scrimmage yesterday.

Quarterback Norm Snead of Wake Forest passed 22 yards to Joe Belline for one touchdown. Bill Killmer of UCLA hit end Mike Ditka of Pittsburgh for a 23-yard payoff. Halfback Pervis Atkins of New Mexico State scored the third by skirting end from the five.

'Cookie' Sees Oakland, San Diego As Future Major League Cities

CONNOLLY

It was like shaking hands with an old motorman's glove when Harry "Cookie" Lavagetto, late of the Minnesota Twins snuggled up to us in the press box. With him was Pee Wee Reese. And soon along came young Charley Graham, son of one of my favorite baseball pioneers.

No one who has been around ball players for 35 years or more could wish for a greater audience.

Reese was in S.F. to TV the "Game of the Week" between the Giants and Pittsburgh.

"Cookie" was there as a spectator, on leave from managing a big league ball club, but still hopeful he may land a job soon.

"Certainly I'm lonesome," Cookie told me. "I miss everybody and everything I like. And I'm sure on the hunt for a new job."

NO FALSE airs with Lavagetto. He's dead on the level. If he had any axes to grind or noses to pinch he never revealed them in nine innings of huddling while the Giants and Pittsburgh fought it out.

Names of favorites I've never heard in years dropped from Cookie's lips. His old pal and the guy he was nicknamed "cookie" for, the late Victor Devencenzia; Johnny Vergez; Herby McFarlin; Buzz Arlett, and oh, so many, many names I can't remember.

When you meet an OLD FRIEND no punches are barred.

ERNIE LOMBARDI and Jerry Donovan, who brought Cookie to the press box, told me he was on the prowl.

"Where is that old guy," Cookie asked about me to Jerry Donovan. "I knew him when I was a busher," Cookie delighted in relating.

"How about another big league club on the coast?" I asked Cookie.

"Before they're through," he replied, "there will be 12 American League clubs and 12 National League clubs. Nobody wants minor league baseball anymore. They want the best."

What cities on the Pacific Coast are likely to get American League franchises?

"I LOOK for Oakland and San Diego to be counted as big league cities. I'm not sure in what league but I know they'll be among the few chosen cities out west."

Pee Wee Reese, a former teammate of Cookie's, was high in his praise for the former Washington skipper.

"I wanna meet somebody who knows more baseball and who can handle men better than Cookie," said Reese.

I knew Reese was on the level in his estimation of Cookie, because Reese never in his career ever pulled a punch.

QUITE UNUSUAL it was for Cookie to not bring up the "wind" at Candlestick Park. How come?, I asked him.

"Lissen, Pop," he said, "the wind blows in every town. Some places it blows harder. I'd rather see it windy than snow or sleet. There is nothing wrong with San Francisco that a little patience won't cure," Cookie said.

Asked about which league he thought was faster, or better, Cookie climbed into a hole.

"I haven't seen enough of the National League to be a judge as to how much better or how much slower it is than the American League," Lavagetto replied.

At this juncture Reese butted in to say that Paul Richards, manager of the Baltimore club, had enough to worry about without making any comparisons.

"HE'S GOT his hands full right now," Reese said.

What about the capabilities of Manager Al Dark?

A silence fell over the atmosphere. No one answered, so Ernie Lombardi, the former catcher, popped up with the old wheeze: "Did you hear the one about the two Scotchmen?"

And just then Clemente homered and the S.F. Giants were out of the ball game for keeps.

HOCKEY TEAM NEEDS A NAME

San Francisco's brand new team in the Western Hockey League needs a name.

Accordingly, Coleman Hall of Vancouver, president of the local club which will launch its home schedule at the Cow Palace November 12, yesterday announced a citizens' "Name the Team" contest, to be conducted from today through Thursday, Aug. 10.

An all-expense road trip for two persons to the opening game with Los Angeles in October, season tickets to the club's 35 home games and a number of other prizes will be presented to contest winners, Hall said.

Entries should be mailed to Ice Hockey Contest, Cow Palace, San Francisco 24. Deadline is a midnight postmark of Aug. 10.

Little League In Salute To Ty Cobb At Cemetery

ROYSTON, Ga. (AP)—Ty Cobb has reached his final resting place.

The body of the fiery Georgia peach of baseball was entombed in the white marble family mausoleum yesterday beside his parents and his sister, Florence.

About 200 uniformed Little League baseball players, heads bared, lined the roadway leadingfrom the cemetery entrance to the mausoleum as the long procession of automobiles arrived here from Cornelia, site of the funeral services 28 miles to the north.

Cobb spent most of his last years in Cornelia.

Among those at the last rites were Mickey Cochrane and Ray Schalk, former major league catchers and personal friends of Cobb; and Nap Rucker, one-time National League pitching star and Cobb's roommate when they broke into baseball together at Augusta.

Cobb, 74, died Monday in an Atlanta hospital after a two-year battle with cancer.

Albie Pearson Signs Recording Contract

HOLLYWOOD (UPI) — Ablie Pearson, hard-hitting right fielder for the Los Angeles Angels, has signed an exclusive, long-term recording contract with Capitol Records.

The pact makes the singing slugger one of the few major league ballplayers ever to record professionally.

Pearson, who will cut his first sides within the next few weeks, signed the contract yesterday in the Capitol office here.

Nats Clobber Yanks Twice; W-H-A-T??

By ASSIOCATED PRESS

Memo to the Washington Senators: No, no! You guys got it wrong. The New York Yankees are supposed to murder YOU!

Well, the Senators are 5-5 for the season against New York after making off with an 8-4 and 12-2 sweep last night that left the Yanks holding first place by only three percentage points.

The Detroit Tigers—the only outfit that's done better (6-5) against New York — blew a chance to pass the Yankees, losing 4-2 to the third-place Baltimore Orioles.

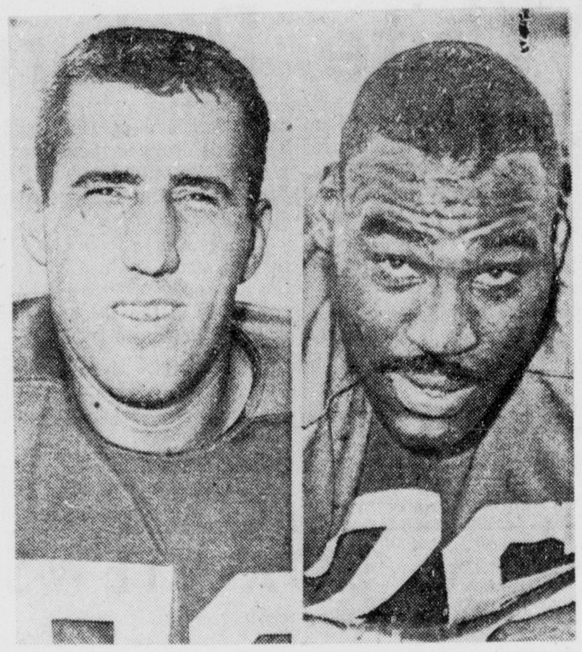
Cleveland took two from Boston, 4-1 and 9-8; the Chicago White Sox beat Kansas City took eighth place from Minnesota by beating the Twins 2-1 after losing the opener of the twi-night double-header 6-0.

MANTLE'S 36TH

Bennie Daniels (5-5) and Dick Donovan (6-8), a pair of right-handers, beat the Yankees, holding Roger Maris and Mickey Mantle to two hits in 15 at-bats. Maris was 0-for-7. Mantle was 1-for-4 in each game, belting his 36th home run in the nightcap, off Donovan. That broke a tie with Maris for the major league lead and put the Mick 19 games ahead of Babe Ruth's record—60 pace of 1927.

Jim Gentile of Baltimore regained the RBI lead in the A.L. with 85, leap-frogging both Maris and Mantle with a two-run, third-inning homer that beat Detroit's Jim Bunning (10-7).

Chuck Essegian and Johnny Romano did it for the Indians. They wrapped up the opener by driving in two runs in the second inning, Essegian with a double, Romano with a ground out. Romano followed with a two-run homer that gave Cleveland a tie in the nightcap fourth, and paired with Essegian again in a clinching, three-run eighth inning.



NEW STEELERS—Offensive center Buzz Nutter (left) and defensive tackle Gene "Big Daddy" Lipscomb, traded by Baltimore Colts to Pittsburgh Steelers yesterday.

LIPSCOMB TO STEELERS

Big Daddy 'Too Old' So Colts Trade Him

COMBINED AP & UPI

Gene (Big Daddy) Lipscomb, who has a reputation as one of the roughest, meanest defensive gridders in the National Football League, was traded yesterday by the Baltimore Colts to Pittsburgh.

Traded with Lipscomb, a 30-year-old 6-6, 288 pound tackle, was offensive center Buzz Nutter, also 30.

Coach Weeb Ewbank said, as the Colts opened training camp, he wanted younger players. He obtained in exchange offensive end Jimmy Orr and offensive center Dick Campbell, both 26, and defensive tackle Joe Lewis, 24.

COLTS REBUILDING

Ewbank is now without 10 of the 1960 Colts. And he's still interested in making trades to regain the strength that gave him 1958 and 1959 championships in the National Football League.

"Our big trouble last year was defense," Steeler Coach Buddy Parker said after the trade. "We weren't too hot at putting the rush on the passer. That's why I made the trade for Lipscomb.

All three of the players the Colts got in the trade had been with the Steelers three years.

Orr, the league's top rookie his freshman season, is the key man in the trade so far as the Colts are concerned. He and Dee Mackey, obtained from the 49ers, may be the team's top offensive ends.

At any rate, Raymond Berry and Jim Mutscheller had knee troubles off and on last season and Ewbank now has "insurance" in case they break down again.

Ewbank has said he is hoping to bolster the team at defensive half (Jackie Simpson was traded, Milt Davis retired), fullback (Alan Ameche retired) and offensive left guard (Art Spinney retired).

NO HITS, NO RUNS

Marin Li'l Leaguer Hurls 18 Strikeouts

Twelve-year-old Courtney Balzan etched his name indelibly in the Fairfax-Sleepy Hollow Little League record book this week when he pitched a remarkable no-hit no-run game.

In the last game of the regular season for his Trailorboat championship team, young Balzan struck out 18 of the 19 batters to face him. The only baserunner for the Legend's team got on via a walk. Trailorboat won 8-0 to complete its championship season of 14 victories in 15 games.

Besides Balzan, the next busiest player on the field was his catcher, Bill McDevitt, who was credited with all 18 putouts on the strikeouts in the six-inning game. The other seven players in the lineup just stood around and watched the phenomenal performance.

BAT STAR

Another Trailorboat pitcher had a no-hit no-run game earlier in the season. He is Bob Tobin. In Balzan's victory this week Tobin clouted out two home runs to lead the way.

Manager of the Trailorboat team is Miles Tobin.

NOVATO

Pony League Tournament On Tomorrow

Area tournament for Pony League baseball will begin in Novato tomorrow with the opening game in the double elimination series matching North Marin All-Stars against Novato-Hamilton All-Stars at 2:30 p.m. Southern Marin All-Stars will meet Sebastopol All-Stars in the 5:30 game.

Winners of the two games will meet at 2 p.m. Saturday with the losers going at 10:00 a.m. The tournament will continue through Sunday with a game Monday evening if necessary. The winner of the area tournament continues to the District Tournament which will take place either in Novato or Richmond on July 26.

NORTH STARS

The North Marin All-Star squad consists of Bob Cooney, Dave Dohn, Don Knotts, John Fedorchak, Steve Fisher, Steve Frazzini, John Forry, Pete Marcovich, Bill Hall, John Laufer, Dan Mammes, Mike Galvin, Mike Gordon, Russ Powell, and Craig Thomsson.

H. C. Knotts is manager and John Fedorchak coach.

The Novato-Hamilton All Stars are Larry Betts, Jim Coddington, John Dolinsek, Gary Fritz, Bob Henderson, Paul Ivanovsky, Steve Jensen, Ken Lampert, Charles Larsen, Chuck Overmeyer, Wade Robert, Bob Rowell, George Scherba, Bob Sigler and Neil Redshaw. Manager is Glen Wright and Coach is Ernie Powers.

All tournament games will be played at McIntosh Field, Simmons Lane in Novato. An admission fee of 50 cents per car will be charged to help pay transportation costs of future tournament games.

Erdelatz Miffed At Alumni Games

OAKLAND (UPI) — Alumni games may be fine for colleges, but they're strictly for the birds as far as Oakland Raider Coach Eddie Erdelatz is concerned.

"I don't like those spring games a bit because they accomplish little and the alumni are not in physical condition to face the varsity," Erdelatz charged yesterday.

Erdelatz' resentment stems from personal reasons. He has lost two first year men because of alumni game injuries last spring, Glen Hakes, a guard from the University of New Mexico, and end Paul Yanke, of Northwestern.

Hub To Stage Junior Ball Tournaments

Baseball's young all-stars from the entire Bay Area will gather at San Anselmo Memorial Park July 25 through 30 for the third annual summer tournament.

Ten leagues will send their best players to compete for the championships of four divisions—minor and major of the Little League, Junior (or Pony), and Seniors.

The tournament, sponsored by the San Anselmo Park and Recreation Department in cooperation with the San Anselmo Little League, concludes Sunday, July 30, with four championship games, according to Recreation Director Frank Quinn.

The players will be all-stars chosen from these leagues:

San Rafael National Little League, San Rafael Pony, San Anselmo, Gallinas Valley, Marinwood, Hamilton Field, Terra Linda, Presidio of San Francisco, St. Helena, and DeBenedetti of San Francisco (junior division champions of the Recreation-Park Department).

The tournament schedule:

Tuesday, July 25, 6 p.m.—Minors and juniors.

Wednesday, July 26, 6 p.m.—Majors and seniors.

Thursday, July 27, 6 p.m.—Minors and juniors.

Friday, July 28, 6 p.m.—Majors and seniors.

Saturday, July 29, consolation games—1 p.m., juniors; 3 p.m., minors; 5:30 p.m., two games, majors and seniors.

Sunday, July 30, championship games, with awards to be presented after each game — 1 p.m., minors; 2 p.m., juniors; 4:15 p.m., majors; 5:15 p.m., seniors.

Monday Quarterbacks Relive Transpac Race

HONOLULU (UPI) — The last winner has finished, completing for all practical purposes the 22nd bi-annual Transpacific Yacht Race—and the gamming has begun.

Gam is nautical jargon for Monday morning quarterbacks. Each crewman aboard the 41 yachts which competed will relive in minutest detail the highlights of his boat's race to as many people who will listen.

It is one of the most grueling races in the world, 2225 miles from Los Angeles to the finish line, reaching and running before the wind.

DANGEROUS VOYAGE

And it is dangerous. The yachts risk broaching, or sudden squalls which apparently come from nowhere and occasionally leave a trail of broken masts, torn rigging and shredded sails in their wakes.

In 1959 five boats were dismasted. This year only the 46-foot sloop Rascal from Santa Barbara, finished with major damages. She limped across the line with half her mast torn away and sails jury-rigged to accommodate the stump.

The beautiful 45-foot yawl Chrysophyle had never competed before. She had been launched in San Francisco Bay only days before the race and crewmen were still adjusting rigging as she crossed the starting line July 4.

This year a dark horse won. The majestic 66-foot cutter Nam Sang out of Newport Harbor, while a notably well-sailed and fast boat, was not expected to save her handicap time on such smaller sailing machines as the Tyboon of Richmond, which was built especially for this one race.

Yet Nam Sang won and Tyboon finished fourth in Class D. Nam Sang's honors included first in fleet and tops in Class A, the first "A" boat to win since 1934.

Handicap fleet positions were:

(1) Nam Sang, (2) Ichiban, (3) Ondine, (4) Chubasco, (5) Vamanos, (6), Roland Von Breman, (7) Sea Fever, (8) Nalu II (1959 winner), (9) Rough and Ready, (10) Ticonderoga.

Handicap standing by class:

A—(1) Nam Sang, (2) Chubasco, (3) Ticonderoga, (4) Corsaro II.

B—(1) Ichiban, (2) Ondine, (3) Roland Von Breman, (4) Sea Fever.

C—(1) Nalu II, (2) Kialoa, (3) Patronilla, (4) Rascal.

D—(1) Vamanos, (2) Rough and Ready, (3) No Hu Hu, (4) Tyboon.

The FISHIN' FOOL

By RALPH STEVENS,
I-J Fish and Game Writer

Fish Are Where You Find Them; Double Point A Hot Location

STEVENS

Once again the maxim, "Fishing success is a matter of geography," proves itself true. On Monday the greater part of the salmon trolling fleet was scattered hither and yon searching for fish without avail. A few boats tested the Double Point sector and ran into some fast and fancy action. One boat, the Sea Wolf, came to port at Caruso's place in Sausalito with 29 beautiful salmon, according to Gerry Reynolds.

Unfortunately, when the news of the school off Double Point was sent out by the skipper of the Sea Wolf, it was late in the afternoon, hence many of the trollers missed out.

Thirteen lucky anglers who boarded the good ship Mi Three, with skipper Bill Davies piloting, didn't lose out, though. They went out near the Farallones after rockfish. They came back with 10 apiece.

REYNOLDS INFORMED me that the boat Mi Three has been filled for the next trip (Sunday next). No wonder that is so. I suggest if you are keen on making such a trip that you get together a group and charter a boat. Bill Davies charges $10 per rod up to 15 passengers and reduces the fee to $7.50 if he has 15 or more. (The Mi Three can handle up to 25 fishermen on one trip.)

GEOGRAPHICALLY speaking again, the striper striving has simmered down in the Sisters area, while it has gained momentum in the Alcatraz-Racoon Strait region. One boat, the Nine Sisters, out of the Berkeley Harbor, has been doing a land-office business under the Bay Bridge, while the Troller and the R.S.P. have been making two trips daily to the Racoon Strait sector and taking limits each trip. The 7 a.m. trips have frequently limited out and returned by noon, while the 5 p.m. trips have made the grade by about 8 p.m.

PLENTY OF action off Golden Gate Fields ala trolling, but the fish are running small to too small to be legal.

As I stated in yesterday's column the tidal conditions for the balance of this week should make bait fishing a possibility in the lower and upper San Pablo Bay, as well as in the South Bay in the San Mateo Bridge area. If trying for bass on cut bait, I suggest you keep that bait agitated, "Thumb retrieve."

Ex-Con Now Says Story On School Death Was Hoax

HENDERSON, Tex. (UPI)—Ex-convict William Estel Benson has confessed that his story of causing the 1937 New London, Tex., school explosion that killed 293 persons was "all a hoax."

Benson, arrested in Oklahoma City, Okla., Monday for questioning about a $38 robbery, blurted out a story of loosening gas pipes under the school to get even with the principal for scolding him about smoking.

"He signed a statement in Dallas last night saying he did not loosen any pipe or pipes whatsoever under the New London High School in 1937," Dist. Atty. William Ferguson of Rusk County, Tex., announced today.

Benson's statement said: "It built up in me in Oklahoma City to get a lot of publicity out of this story so I went along with the newsmen, TV cameramen and police department."

Ferguson, Texas ranger Jim Ray and Rusk County Sheriff Pete Gibson took custody of Benson yesterday in Oklahoma City and brought him to Henderson early today.

En route, they stopped in Dallas, Tex., and gave him a second lie detector test. It showed he was lying. An earlier lie detector test in Oklahoma City was inconclusive because of Benson's nervousness.

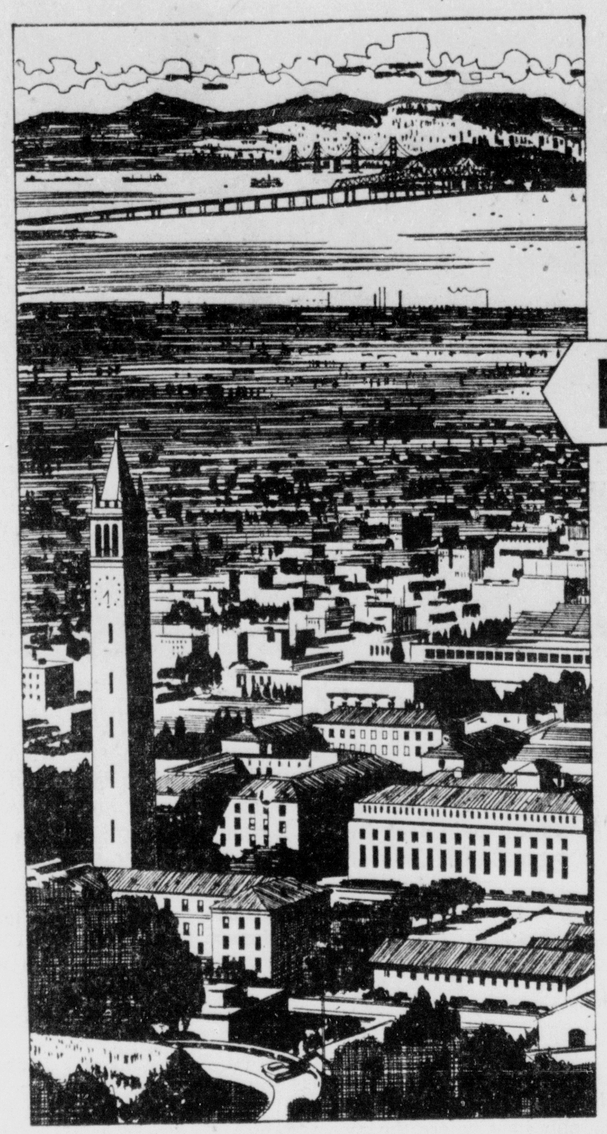
Ferguson said Benson's journey back home — he actually lived in New London and was going to school there at the time of the explosion—was not in vain. He will be charged with burglary.

The explosion, the fifth worst in U.S. history, killed 274 high school students and 19 teachers and parents.

Benson's "confession" opened many old wounds among parents who lost children in the disaster. The New London disaster was not the only thing Benson falsely confessed to, Ferguson said.

He said there is an inch-thick file of confessions by Benson to burglaries and robberies in Oklahoma City, many of which are false.

Among all the peoples of Southeast Asia, only the citizens of Thailand have escaped colonial domination. They have kept their independence for seven centuries.



YOUR VOICE TRAVELS 37 MILES FROM BERKELEY TO BELMONT

It's a long distance, but this phone call costs 15% less than Long Distance rates

HERE'S WHY: Although your call from Berkeley to Belmont travels as far as many Long Distance calls, you pay less than Long Distance rates. This call, like most calls to other communities in the Bay Area, is measured in message units. The number of message units depends on how far you call and how long you talk. The message units are combined on your bill instead of each call being itemized. This costs less for bookkeeping, so you pay less for these calls.

If you ever need these calls itemized, for business or any other reason, place them through the Operator as station-to-station calls. The charge will be billed separately at regular long distance rates, without the 15% saving.

MARKING ITS 15th anniversary along with the Northgate Group of the Marin Art and Garden Center, Ross, at the annual series of summer luncheons opening yesterday was the Marin Unit of the Junior League of San Francisco, Inc. At the table with Unit chairman Mrs. Richard Newell, standing, are clockwise, Mesdames Malcolmn Skall, Harvey Black, Joyce Berg, Leslie Daggett and C. William Gumz.

Northgate Begins 15th Year

SEATED AT THE table of Northgate president Mrs. Edward J. Ruff, foreground, were a group of leading Marin women. They include, clockwise, Mesdames Ralph Bernhardt, president of Chi Omega Alumnae; John Detweiler, William Eastman Jr., president Marin Branch AAUW; Robert Berry, president-elect of Pixie Parents; Harold Green, president of the Marin Girl Scout Council; H. D. Rothrock, Cole Jackman, president Marin Humane Society; Frank Duhme Jr., chapter chairman Marin Red Cross, and Ervin Vickers.

Marin Women

MODELING IN THE "Three Generations" fashion show presented by Northgate were Mrs. Albert Wheat of Kent Woodlands, right, her daughter, Mrs. Richard Huyck of Larkspur, and grandchildren, Jeff and Amy. General chairman of the 1961 events is Mrs. Frank J. Baumgarten with Mrs. Arthur W. Feidler as co-chairman.

PRESIDING AT the punch bowl and greeting guests on their arrival is Mrs. Norman B. Livermore, president of the Marin Art and Garden Center. She serves Mrs. James Goodale, left, and Mrs. Henry Cole both of San Rafael who were her guests at the series opener. (Independent-Journal photos)

Basic Black Gets Frosting In Florence

FLORENCE, Italy (UPI)—Two Roman designers have spruced up the basic black cocktail dress by frosting it like a mint julep. The House of Mingoli and Gugenheim used palest icy greens, pinks and blues in combination with the dusky black of silk crepe.

One example at the Italian high fashion show yesterday was designed in classic slender lines of clinging black crepe. But its strapless bodice had a wide cuff of frosty pink satin flaring into a brief cape in black. Other black models came with bibs and bustlines made in the icy colors.

For day wear, the designer made a charcoal gray woolen dress with matching suit jacket. Criss-cross panels of sky blue silk were used for a halter top sewn onto the bodice of the dress.

These couturiers also perfected the little gold suit seen in several Italian collections this season.

Their version was in heavy silk with a soft golden sheen, designed as a molded bare shoulder dress with its own short cardigan jacket.

A full-length evening sheath in purple silk, painted with surrealistic black roses, was designed with a single wide strap placed diagonally across the front of the shoulders.

Another of their outstanding evening concoctions was a greatcoat made with a lattice design in black velvet and silk, topping a long toga consisting entirely of diagonal white panels.

Hats, which have been fairly made throughout the florentine shows, became increasingly fantastic.

For instance, there was what might be called the octopus—a black silk head-hugging crown with black silk tentacles dangling around the head. Another hat was like a cleaning brush with turquoise bristles reaching to the sky.

Antonio De Luca of Rome also featured gay hats in his collection last night. One was a large white rose spouting little black feathers from its center.

One of the wildest creations was presented by the man who is famous for dressing film stars — Emilio F. Schuberth, who placed a cake plate atop the feminine head and finished it off with a cake.

Rebekahs Fete Mrs. Robertson In Mill Valley

Members of Blythedale Rebekah Lodge of Mill Valley and Tamal and Golden Star of San Rafael paid tribute to Mrs. John Robertson at a recent meeting hosted by the Blythedale Rebekahs at the Odd Fellows Hall in Mill Valley.

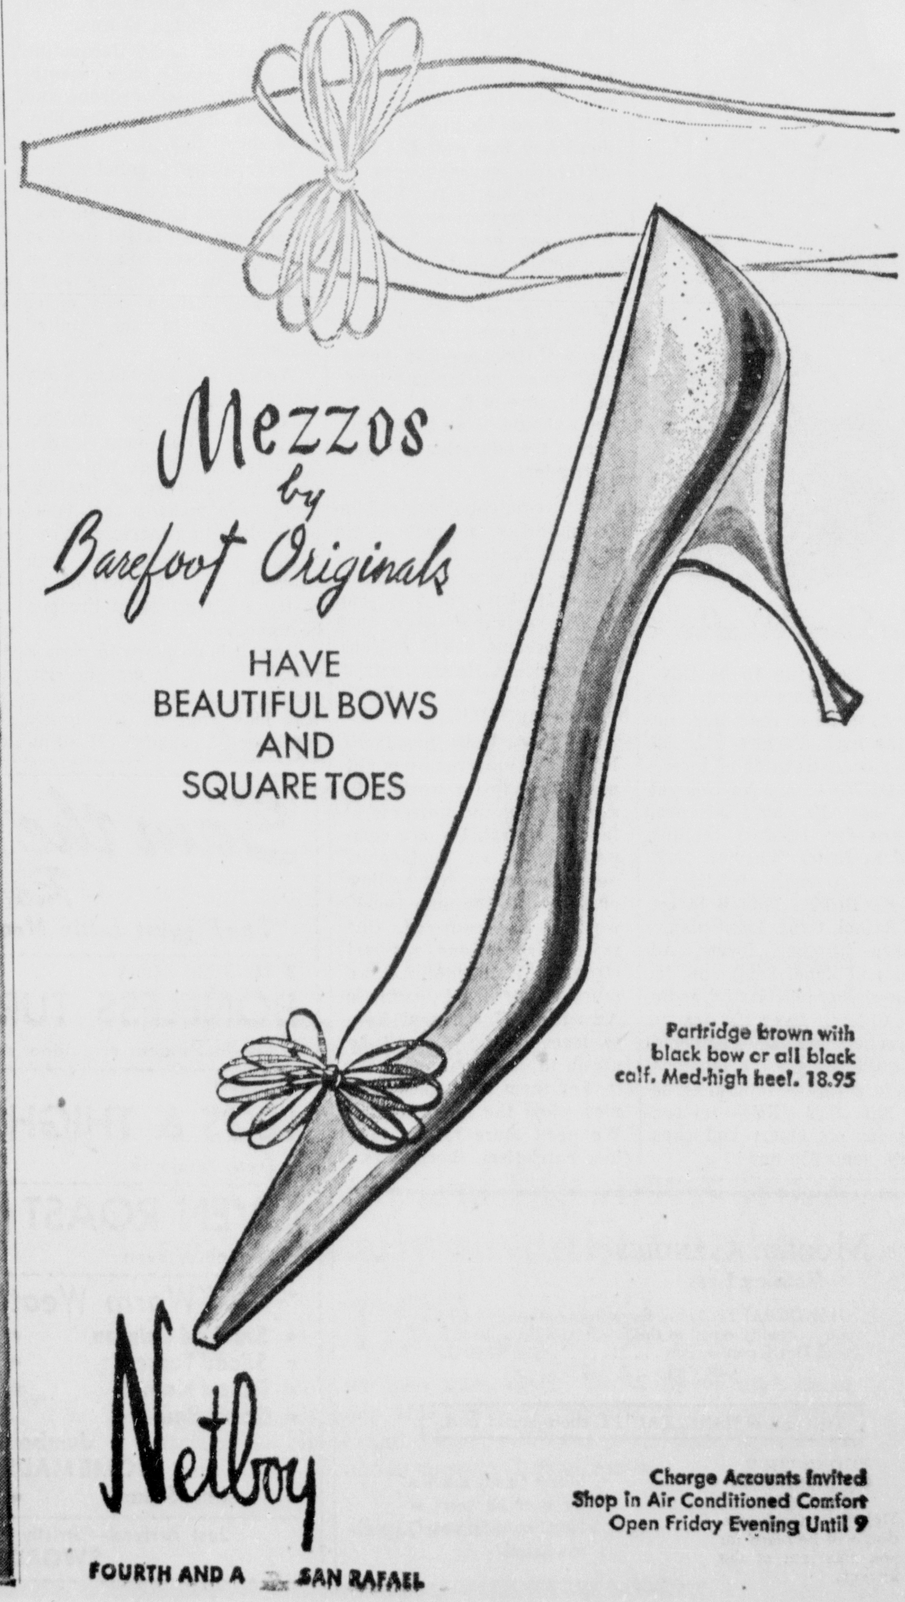
In recognition of her services as District Deputy President of District 61 Mrs. Robertson was presented with her past district deputy president's pin and a bouquet of flowers by Mrs. James O. Anderson.

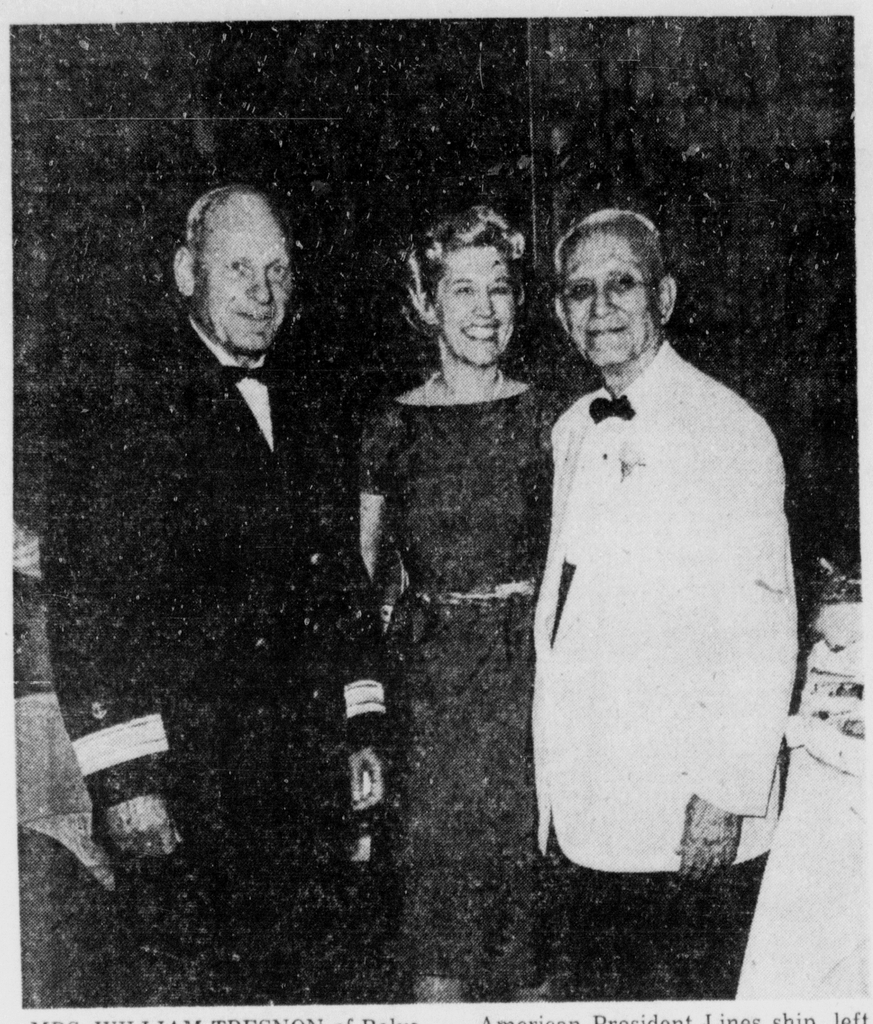
The retiring district deputy president was then escorted by John Stirling and Herbert Maxey to a seat of honor at the left of Blythedale Noble Grand Mrs. Walter Meyer, and the new district deputy president, Mrs. Chester Hunter, was escorted by Mrs. Aubrey Williams to a seat of honor at the right of Mrs. Meyer.

Refreshments committee for the evening consisted of Mesdames John Luetke, James Rhoades, Frank Gamble and Herbert Maxey, and members of the decorating committee were Mesdames Anderson, Clifford Spinney and Marguerite Carpenter.

After the meeting a short skit entitled "Rosie and Violet" was presented by Mesdames Williams and Carpenter.

Mrs. Meyer announced that the next meeting will be Brothers' Night, and that the men will be in charge of entertainment.





MRS. WILLIAM TRESNON of Belvedere is shown aboard the President Cleveland bound for a summer cruise to the Orient with two distinguished passengers, Commodore Hobart J. Ehman, commanding officer of the American President Lines ship, left, and Francisco Delgado, right, Philippine Ambassador to the United Nations. Mrs. Tresnon, along with her husband, is serving as an educational director aboard the boat this summer.

Tresnons On Cruise To Orient

The William Tresnons of Belvedere are off for Japan again this summer aboard the President Cleveland. For the second year they have been selected by the American President Lines as educational directors for a summer cruise to the Orient.

During the voyage they organize lectures on cultures which the passengers will visit —basically an orientation to the Orient. Mrs. Tresnon reports this year they have many more student groups, including 31 from Experiment in International Living. She has been helping this group with their Japanese language lessons. They also have a dozen exchange students sponsored by the San Diego Lions Club and as many from a 4-H exchange program.

The Tresnons' professions have qualified them for this job. He heads a school of 300 foreign speaking students in San Francisco, and she has taught English to the foreign born for several years. They both have been members of the International Hospitality Center in San Francisco, entertaining foreign students and visiting dignitaries.

Mrs. Tresnon reports among the distinguished passengers are Francisco Delgado, Philippine Ambassador to the United Nations, and Groucho Marx with his family.

While the Tresnons are abroad their family is visiting in various places. Sharon is staying with Dr. and Mrs. Bradford Simmons; Pam and Laurie are in Utah with her mother, and Tom is in Merced with her sister.

King's Chapel And North Church Among Stops In New England

This is the third report of Marin youngsters making the Young Americans Tour to historical sites and cities in the United States and Canada this summer.

By ANITA MESSIMER

We left Quebec early yesterday morning and drove through the beautiful green St. Lawrence country and the forests of Maine while rain splattered the windows of the bus. Stopping at a Howard Johnson restaurant, we ate our lunch. Late in the afternoon we arrived in Boston and spent much time searching for the Kenmore Hotel.

This morning after church, we assembled in the hotel lobby and walked to the subway entrance. We got off the M. T. A., made legendary by the Kingston Trio, at Park Street, where Boston's Freedom Trail commences. Exercising our legs, reducing our weight, and acquiring new blisters, we visited such famous sites as King's Chapel, Fanenil Hall and Old North Church. We crossed a bridge and saw Bunker Hill Monument, finding ourselves harassed by a pack of little girls claiming to be beatniks.

At dinner this evening Kim Hunter and Emma Lou Graybeal entertained us with a description of ferris wheel rides. We all went to see the film, "Parrish," and returned to the hotel quite late.

July 10— BOSTON—Today we drove to the area around Cape Cod Bay. Our first stop was the Miles Standish Monument, a stone tower topped with a statue. Gasping for breath, we climbed a narrow, rusty spiral staircase. Most of us were too terrified of the height to appreciate fully the splendid view of Cape Cod Bay.

Rolling past weathered summer homes set in dark pines, we arrived at Plymouth. Here we saw the rock, and a pressman in a colorful Pilgrim costume snapped our picture as a group. (See above.) Then to Sandwich, where we examined the Glass Museum which contains not only exhibits of old glass but also historical items of Sandwich and the fascinating Hannah Burgess collection. At the beach near Sandwich we had our first dip in the Atlantic, some only wading because of horseshoe crabs and others swimming.

We returned rather late to the hotel and ate an informal dinner in the coffee shop.

July 11—BOSTON—Our first stop this morning was at the Massachusetts Institute of Technology, a campus of handsome columned buildings with an austere simplicity. On to Harvard, where we looked at the lovely Memorial Church, the interesting Widener collection of books, and the modern Lamont Library. We were impressed by the red brick edifices but most intriguing were the fragile and realistic glass flowers displayed in the University Museum.

We took pictures of the Minute Man statue on the green at Lexington and continued toward Concord. Here at the Old North Bridge stands a second statue engraved with the famous lines from Emerson's "Concord Hymn." A path from this spot leads to the Old Manse, immortalized in Hawthorne's "Mosses from an Old Manse." The house is set in shady trees, and near by a garden grows.

In the red-board Wayside Inn, we had lunch and returned to Boston, driving beside the green lawns of Wellesley College.

Son Who Is Working Should Be Encouraged To Save Some Pay

(Q) "My son has his first job this summer. He is 17. He is learning how to take orders, even though he dislikes his boss. He has developed new muscles and callouses. He is growing up fast. Our only point of contention is what to do with his pay. I think he should turn his checks over to me for safekeeping. He says he should keep them, and spend the money as he pleases. Is he right? What if he wastes the money?" Mrs. C.

(A) Can you compromise? Try to get him to agree to save a part of his income regularly. Then let him control the rest. It will give him a reason for working. Show him how to make out a budget. Help him live within it. If he throws his money away, don't bail him out. Let him suffer the consequences. It would be better for him to learn the importance of thrift now when the sums involved are small, than to wait and learn with larger amounts later. I'm sorry jobs are so scarce for teen-agers. Far too many of them are idle. Some of them are getting into trouble because of it. As I see it, work should be an important part of the education of every youngster.

(Q) "My neighbor prides himself on being 'a modern.' He scolds me for teaching my sons to love our country. I am a widow. My boys are 9, 11 and 15. My neighbor says they should become world citizens, not Americans. He says patriotism will destroy us all. Surely he is wrong?" D.G.

(A) He is badly mistaken. In an ideal universe we might work directly for world citizenship. But the universe is far from ideal. We are competing with an implacable, powerful enemy. If we allow ourselves to become weak, we will be destroyed. Our safety lies in our national strength. To maintain it we must all be loyal, patriotic Americans. Teach your boys to love the USA. Don't be afraid to be emotional about it. Let them have goosepimples when the flag goes by. We need more rather than less patriotism, these days.

FACE AND FIGURE

Keep Your Beauty In Focus Of The Country You Visit

By VIVIAN BROWN

The prettiest American women can feel out-of-step when they visit foreign shores.

Our First Lady, Jacqueline Kennedy, set the pace recently when she chose wardrobe and coiffures simpatico to the countries she visited.

Most women cannot afford great variety in their wardrobe, but coiffures and makeup may be brought into artful focus in countries where conditions of light, national habits, social taboos and fashion fads differ from those in the United States.

Women are judged in many countries by the way they use makeup. There are startling contrasts to our own makeup formulas. Countries which deplore the overuse of lipstick, accept eye makeup that looks outlandish to American eyes.

Here are pointers for both travelers and those who'd like to try a little foreign intrigue at home.

Hawaii is no place to wear a bluish lipstick. It may be flattering on Main Street, but it will look cold on the lovely sun-kissed islands. Warm-toned lipsticks, orange, coral and clear red tones, flatter the hibiscus you may wear in your hair.

The darkest foundation makeup is worn to blend with a deep suntan.If you'd emulate a real Hawaiian beauty, slant your eyes by angling brown eyeshadow toward your temples and marking your lids in a more oblique line with eye liner and mascara.

Eye cues from South America indicate the senoritas there also are adopting a pseudo-Oriental eye slant, faking it with eye liner for a sultry effect.

In Paris women strive for individuality, but on one thing they are agreed: Eye makeup is a woman's great beauty asset. Lashes are heavily fringed and eyelids and brows are delicately tinted. The skin is light, clear and subtly powdered. Hair is worn as you like it, usually short.

Italian women concentrate on looking smart rather than beautiful, and many women do not use makeup, relying on their dark eyes and creamy skin to carry off their good looks.

Gatterdams Giving Fete Before Lagunitas Club's Barbecue

By FLORENCE DONNELLY

The Richard Gatterdams of Ross are hosting a cocktail party Saturday night at their Ross home before the barbecue and dance at the Lagunitas Club. It is hoped that Albert and Jennifer Dibblee of Merced will be here for the party and that he will play in the round robin mixed doubles at the club preceding the barbecue and dance.

However, it is certain the Dibblees will be here Aug. 11 and 12, as Al will play in the men's doubles tournament at the California Tennis Club. Mrs. Dibblee with the two children, Jonathan and Jennifer, will vacation for three weeks in August at the Ross home of her mother, Mrs. Alexander McAndrew, and Mr. McAndrew. The McAndrews are now in their new and remodeled home.

On Aug. 18 and 19 Mr. and Mrs. McAndrew will have as houseguests State Sen. and Mrs. James Cobey of Merced, and will honor them at a cocktail party Aug. 19. Senator Cobey was named by the California State Chamber of Commerce the outstanding freshman senator of the 1960 session of the State Legislature.

Houseguests of the McAndrews on Aug. 25 and 26 will be Mr. and Mrs. Hugh Dan Temple of Merced. That is when the invitational mixed doubles tournament will be held at the Lagunitas Club, concluding with a barbecue and dance Aug. 26, and the visitors will enjoy the club events.

Mrs. John Lesoine and her son, Robert, are in Carmel for the entire week of the Bach Festival. They'll return Monday.

LA PLAYA HOTEL at Carmel was the vacation locale of Dr. and Mrs. S. William Levy of San Rafael and their children, David and Ann.

THE BAPTISM of little Patricia Lee Sweeney Sunday afternoon at the San Rafael home of her grandparents, Mr. and Mrs. Charles T. Lund, was followed by a reception for family members. The baby is the daughter of Mr. and Mrs. Leland Sweeney Jr. (Annie Laurie Lund) who have moved from Greenbrae to their recently completed home on Chestnut Drive in San Rafael. Dr. John Jefferson Canoles of Novato, formerly pastor of the First Presbyterian Church of San Rafael, officiated at the baptism for which he used water he had brought back from the Jordan River. The baby's aunt, Mrs. Charles Daniels Jr. (Carol Lund) of San Rafael was godmother and Charles Lund was godfather.

The baby has a two year old sister, Laurie Ann. Remaining for the reception were the baby's paternal grandparents, Mr. and Mrs. Leland Sweeney of Alameda, Mr. and Mrs. Daniels, Dr. and Mrs. Canoles, the Sweeneys and the baby's aunt, Mrs. Robert Lashly (Maio Lund) of Greenbrae. The latter's husband is in St. Louis, Mo. visiting his mother.

On Aug. 10, Mr. and Mrs. Lund are leaving for Homewood on Lake Tahoe to vacation for two weeks.

A LUAU was given by Mrs. William H. Price recently at her Kent Woodlands home. Her invitations tell the story. They said, "There'll be puu-puus and punch and okolehau. Wahinis wear muu muus, kanakas bright shirts. We'll even accept you in briefest grass skirts. There'll be swimming, diving and dancing and more. Hawaiian style music and hulas for sure. The girls grab a flower, men a grass hat—or come as you are in raffia mat."

Gardenias and dahlias floated on the swimming pool and the tables were set in the pavilion overlooking the pool. Each table was centered with carnations of many different colors and guests matched flowers to find their dinner partners. A 30-pound smoked salmon which had been caught by Ronald Brindley was served on a huge banana leaf and the Hawaiian chef prepared the delicacies of the islands.

Ellen and Frank Moitoza and their son, Robbie, played Hawaiian music, and later Robbie and a friend who were going on to entertain at a teen-agers party played rock and roll.

Many of the 46 guests were San Franciscans, among these the George Suttons. Marinites included the Gus Niederholzers, Mert Hipsleys, Fred Whites and the Donald Albertsens. Don and Lillian were welcomed home. They have a travel agency and are back at their Kent Woodlands home for a couple of months after nearly a year of travel which included a round the world trip, a Caribbean cruise and trips to Hawaii. Then they had a busman's holiday, flying to Miami for a convention, after that driving to Salt Lake City, Yellowstone National Park, Grand Teton National Park, Calgary, Canada, and to Banff, Lake Louise and Crater Lake.

Ruth Price and her daughter, Pamela (Pam), will leave July 28 for a vacation in Mexico. They are flying to Mexico City and then to Puerto Vallarta where they will be houseguests of the Walter Landors, who divide their time between their home in San Francisco and the one in Puerto Vallarta. They are an interesting couple. Walter is an industrial design engineer, his wife a talented artist. Pam, a versatile young person, was graduated in May from Dominican High School where she was an outstanding art student, and she is a splendid fisherman. The day of the luau she brought in three salmon. She hopes to bring in some of the big fish in Mexico. Pam, who wrote for Dominican publications, received the national merit award from Atlantic Monthly for one of her poems, will attend San Jose State College this fall. While Ruth and Pam are away Mr. and Mrs. Arnold Guerassio of San Francisco will stay at their home.

THE ENGAGEMENT of Susan Marie Macdonald of San Anselmo and Stephen Mayhew Allen of Kent Woodlands was announced at a family birthday party last night at the home of the bride-elect's parents, Mr. and Mrs. Stuart Howard Macdonald in San Anselmo. Mr. and Mrs. Lewis Mayhew Allen of Kent Woodlands are the future bridegroom's parents. The bride-elect is attending College of Marin. Stephen was graduated from the San Rafael Military Academy. A September wedding is planned. (Steve Allen photo)

Today is Thursday, July 20, the 201st day of the year with 164 to follow.

The moon is in its first quarter.

The morning stars are Venus, Jupiter and Saturn.

The evening stars are Mars, Jupiter and Saturn.

On this day in history:

In 1861, the Congress of the Confederate States started holding sessions in Richmond, Va., new capital of the Confederacy.

In 1942, the first detachment of the Women's Army Auxiliary Corps started basic training at Fort Des Moines, Iowa.

In 1947, troops of the Netherlands attacked Java and Sumatra after local demonstrators demanded independence.

In 1960, the first Polaris ballistic missile was fired from a submerged American submarine, the George Washington.

A thought for today: English writer William Somerset Maugham said: "There are two good things in life, freedom of thought and freedom of action."

Opening lead — ♠ 2

Declarer won the first trick in dummy with the ace of spades and hit upon the idea of leading a diamond from dummy rather than a club. It was a fortunate choice.

West won with the king of diamonds and looked around for a way to get to his partner. He led a club to East's ace and got a spade return, just as he wished.

South finessed the jack of spades to the queen, and West returned the eight of spades to force out the king. West shrewdly kept the three of spades to make sure of having an entry to his partner's spades.

RUNS CLUBS: Now South ran the clubs. West had to find two discards, and only the first was easy. West threw the low diamond without pain, but his next discard was sheer torture.

West couldn't throw the ace of diamonds since that would give South the rest of the tricks. West couldn't throw a heart, since that would give dummy an extra heart trick.

After some agonized thought, West discarded the three of spades. By this time South had no doubt as to what was going on. He gave up a diamond to the ace and won the rest when West was unable to lead a spade.

Curiously enough, the result would be different of declarer tackles the clubs at the second trick instead of leading a diamond. East steps up with the ace of clubs and clears the spades. Now when South runs the clubs, West can discard the five of diamonds and the king of diamonds.

U.S. Jury Indicts Letter Carrier

SAN FRANCISCO (AP)—The U. S. Grand Jury yesterday indicted Clarence L. Madeiros, San Leandro letter carrier on charges of failing to deliver first and third class mail. Investigators found 260 pieces of mail in his car.

Madeiros, 33, lives at 16160 Channel Street, San Lorenzo, and had been with the Post Office eight years.

Asst. U. S. Atty. James Hewitt said Madeiros was not charged with delaying 898 other pieces of mail found in his garage.

Hewitt said none of the letters had been opened.

Might Avoid Heart Troubles If You Just Let Beard Grow

NEW YORK (UPI)—According to the celebrated scientist, Dr. Ancel Keys, there is no doubt whatever that hardening of the arteries and heart disease are much more common among persons who shave daily than among persons who never shave.

However, he was not willing to take the next step and argue that shaving promoted artery-hardening and heart disease—or suggest that beard-growing prevented them. He held back because only men shave. Women don't and for unknown reasons women are less subject to those afflictions.

Keys was using a bit of sarcasm in an effort to destroy an argument of one of his scientific critics, Dr. J. Yudkin. Yudkin doesn't accept the comparisons Keys has drawn among widely scattered populations to connect the high animal fat diet with artery-hardening and heart disease.

Keys' celebrity in science is based in part on these comparisons. Yudkins had used Keys' own statistics—sarcastically. By adding statistics on comparative per capita use of telephones and radios, he demonstrated (statistically) that heart disease was most prevalent among peoples most addicted to those instruments.

Yudkin had used "an absurd analogy," said Keys, countering with an absurd one of his own. He was sure there had to be "undestandable reasons why populations that differ in their usage of telephones and radios would likewise differ in serum cholesterol or blood pressure."

Anyhow, he continued, the now widely accepted premise that high blood cholesterol levels promote artery-hardening and heart disease does not depend exclusively on comparative statistics of populations. The premise is supported by experiments with human beings and with animals.

There are other factors in artery-hardening and heart disease, of course, he said. Elevated blood pressure is one. Overweight is another. But "their possible role as independent variables is far less clear" than that of high blood cholesterol levels for which animal fat diets are largely responsible.

Keys was answering critics in a technical organ of the American Heart Assn. His subject was comparative risks of developing heart disease. The risk is three times higher in persons with high cholesterol blood levels because those persons have hardening arteries

But even if you accept that high blood cholesterol levels cause artery-hardening and consequential heart attacks, "there still is no compelling reason to insist that treatment to reduce the cholesterol and blood pressure levels will produce a major change in the risk, especially in the middle-aged adult whose arteries are probably already half blocked with atherosclerosis," he said.

Whether these high levels should be treated in the hope of reducing risk "is a matter of opinion involving considerations of safety, expense and the difficulty to all concerned. Those who advocate treatment may do so in the knowledge that many other medical and hygiene customs are adopted and maintained on less secure grounds of scientific knowledge."

REP. MILLER SAYS

A Progress Report On Bills Before Congress

By REP. CLEM MILLER

WASHINGTON—This week I would like to report to you on the progress of several of my own bills before this session of Congress:

Point Reyes—H.R. 2775 would authorize this new unit of the National Park System on portions of the Point Reyes Peninsula in Western Marin. The bill was advanced one more step toward enactment two weeks ago when the House National Parks Subcommittee heard testimony of Department of Interior witnesses. Interior Secretary Stewart Udall, Assistant Secretary John Carver and National Park Service Director Conrad Wirth endorsed the bill in the strongest possible terms and urged prompt action.

Subcommittee Chairman J. T. Rutherford of Texas, who visited West Marin earlier this year, also declared his strong support. "This area must be preserved for the people in that area and throughout the nation," he said.

I consider it significant that last week the House passed a comparable bill to authorize the Cape Cod National Seashore in Massachusetts by a vote of 278 to 82. Earlier, the Senate passed the Cape Cod bill by voice vote. These are clear indications that the great majority of members of Congress from all parts of the country realize that if we do not preserve a few of our still-remaining unspoiled seashores for public access and recreation use, they soon will be lost forever.

Cape Cod will be the first addition to the National Park System since 1947. During the Cape Cod debate, Congressman Rutherford served notice that the Point Reyes bill may come before the House this session.

Waterfowl Wetlands—H.R. 7153, co-sponsored with Congressman Dingell of Michigan, was passed by the House last week. It authorizes preservation of "wetlands" essential to migratory ducks, geese and other waterfowl. The program would be financed out of future sales of duck stamps to hunters. The bill has been referred to the Senate Interstate Commerce Committee.

Wool Act—Hearings on H.R. 3993, to extend the National Wool Act, have been completed by the House Agricultural Committee and its provisions are incorporated in the omnibus Farm Bill which soon will be reported by the committee.

Apple Marketing—H.R. 5583, to permit federal marketing orders for processed California apples, also is incorporated in the omnibus Farm Bill now before the House Agriculture Committee.

School Milk—Co-sponsored H.R. 4915, to continue and expand the school milk program, was signed into law by the president June 30 after passage by both House and Senate.

ORDINANCE NO. 736
AN ORDINANCE AMENDING SEC. 11.10.010 OF THE MUNICIPAL CODE OF THE CITY OF SAN RAFAEL, CALIFORNIA, TO REQUIRE PERMITS FOR THE REMOVAL OR DISTURBANCE OF 50 OR MORE CUBIC YARDS OF EARTH
SECTION 1. Section 11.10.010 of the Municipal Code of the City of San Rafael, California, is amended to read as follows:
"11.10.010 Excavations and fills for which a permit is required. It shall be unlawful for any person to make or cause or permit to be made, any excavation or fill in or under the surface of any land, public or private, in the City of San Rafael, without first obtaining a permit so to do, in the manner hereinafter provided, or in violation of any of the terms or conditions of such permit; provided, however, that no permit shall be required for excavations for the foundation or basement of any building for which a building permit has been issued, or for grading in subdivisions according to plans which have been approved by the City Council, or for excavations by any public utility for the installation, operation, inspection, repair or replacement of any of its facilities, or for the grading of any parcel of land where no cut bank is left standing more than four (4) feet in height and wherein less than 50 cubic yards of earth is removed or otherwise disturbed, or for the filling of any lands of less than 50 cubic yards of earth or other material."
SECTION 2. This ordinance shall be published once in full before its final passage, in the INDEPENDENT-JOURNAL, a daily newspaper of general circulation, printed, published and circulated in said city, and shall be in full force and effect thirty (30) days after its final passage.

Liquor Licenses For Stores Only

SACRAMENTO (AP)—The 154 new off-sale licenses authorized by the 1961 legislature will be issued only to those who intend to stay in the package store business, according to Liquor Director Malcom Harris.

Harris said Tuesday that he had learned that some bar owners hoped to get the licenses without building stores or buying stock. Their intention, he said, is to sell the license at a profit after the two-year waiting period.

Harris, who has already received 352 applications, said the licenses will go to those who intend to operate off-sale stores in good faith.

Veteran Actor Dies

HOLLYWOOD (UPI)—Veteran actor Kit Guard, who dashed across the silent screen with Tom Mix and William S. Hart, died Tuesday at the Motion Picture Country House and Home. He was 67.

Barrymore Plays Tempestuous Russian In Tonight's 'Silents'

"The Tempest," to be featured on KGO's "Silents Please" tonight at 10:30, is not the Shakespearean play by that title. Instead it is one of the last lush romantic adventures of the silent screen, with a revolutionary Russia setting.

Produced in 1928, it starred John Barrymore as Ivan Markoff, a Russian peasant who wins promotion in the Russian army. Cast as his romantic interest, Princess Tamara, was the German star Camilla Horn in her first American movie.

Barrymore runs the gamut from tender love to comedy, and, of course, there's his inevitable mad scene.

SAN FRANCISCO'S Mayor George C. Christopher will submit his future political aspirations to the searching questions of Paul Coates on the "Paul Coates Report" program tonight at 10:30 p.m. over KTVU.

Coates will quiz Christopher particularly about the possibility of his candidacy for governor, and about his recent meetings with former Vice President Richard M. Nixon.

THE LEATHERJACKET crowd should get a boot out of tonight's "Summer Sports Spectacular" show at 7:30 on KPIX.

An hour of films of the recent motorcycle races held at Laconia, N.H., over the tortuous Belkap Course will be shown.

And if you couldn't care less for cycle racing, you might still enjoy some of the rustic New Hampshire scenery which is certain to creep onto your screen.

JUST ABOUT the only station offering anything fresh in the way of entertainment during the summer lull is KQED. And Channel 9 takes the wraps off another new series entitled "Songs Out of the South" tonight at 8 o'clock.

Lecturer-recitalist 'Cile Turner begins a series of 12 telecasts during which she will explore the rick folklore of the South. She will sing and discuss the folk music tales which have been handed down from generation to generation by word of mouth. Narration is by Earl Wynn, guitar accompaniment by Philip Kennedy.

Tonight Miss Turner will concentrate upon songs sung during work, about work, and about the workers' lives and hopes.

Also on KQED this evening: On "Robert Herridge Theater," 8:30 p.m., another powerful teleplay by S. Lee Pogostin. This one's entitled "A Song With 'Orange' In It."

THE FASHION SHOW from San Francisco's Union Square, carried on KRON today at 12:30 p.m., will be back on the air tomorrow on the same station and at the same time.

More than 30 professional models are displaying the new fall fashions as designed and manufactured in the Bay Area.

Nerice Fugate of House of Charm provides the commentary.

The event is unique in that it is the nation's only outdoor fashion preview. Being staged for the seventh time by the San Francisco Fashion Industries Manufacturers and Wholesalers Assn., it has become something of a Bay Area tradition—and a most colorful one.

"SUMMER MUSIC Festival," the KQED Friday night concert series, will continue to feature talented artists well known to Marin music-lovers when the California String Quartet performs tomorrow at 8:30.

The quartet is composed of Felix Khuner and David Schneider, violins; Detlev Olshausen, viola; and Helen Stross, cello.

Their program will include Haydn's "Quartet in G, Opus 76, No. 1," Robert Basart's "String Quartet" (1960-61); and Brahms' "Quartet in A Minor, Opus 51, No. 2."

Also on Channel 9 tomorrow night, at 10 o'clock, a discussion by Michigan State University nutritionist Dr. Dena Cederquist of just what cholesterol is, and what it means to our health.

Mill Valley's Fall Festival Seem Doomed

The famed Mill Valley Fall Festival appeared today to be doomed.

"The work load got to be just too much for the five or six men who put it on," said Roger Murphy, state director of the Mill Valley Junior Chamber of Commerce, in announcing the junior chamber had voted to give it up. "Also we were having trouble getting enough funds."

He said it took $1,500 to start the 1960 festival.

"We want to put on something, a smaller event; perhaps an art show," Murphy said. "Our board of directors will meet at 8 o'clock tonight to talk it over."

Norman D. Black, chamber of commerce leader, who usually put up the street decorations for the fall festival, speculated over whether service clubs might combine to put on the fete this fall.

Hub Planners On Sunny Hills

The San Anselmo Planning Commission decided Monday night that the San Anselmo School District's proposal for taking Sunny Hills Presbyterian Orphanage property for a new school site will not conflict with the city's master plan.

Robert W. Corlett of the school board explained the plan for taking 13.4 acres of Sunny Hills' total 65 acres on which to erect a new school within five years.

The commission held a public hearing on the master plan for the city, but received no comments. The hearing was continued to Aug. 7 at 8 p.m.

20 Cases Of Whisky Taken At Warehouse

About 20 cases of whiskey were stolen from a San Rafael warehouse early Tuesday or the night before, San Rafael police reported today.

Victim was the Golden Gate Distributing Co. of 1942 Fourth Street. Assistant manager Charles I. Daniels Jr. reported the break-in.

KTIM Presented Special Award

A certificate of appreciation was presented yesterday to radio station KTIM by the Northern California TV-Radio Council for Tuberculosis Education and the Marin Tuberculosis and Health Assn.

The certificate was awarded to KTIM for outstanding service in improving community health in the fight against tuberculosis and other respiratory diseases, said Mrs. William Hoxie, president of the local tuberculosis association.

The award was presented to Hugh Turner, station manager, by Kenneth Langley of San Francisco, director of the TV-Radio Council.
